¹ Average number of employees on a full time equivalent basis, according to section 411 of the Companies Act.

² Corporation tax paid in each country in 2016. Corporation tax paid in 2016 does not relate directly to the profits earned in 2016 because tax on profits is paid across multiple years.

³ Average FTE, turnover and profit or loss before tax in United Kingdom include figures for Bogota, Frankfurt and Paris representative offices of IBBAInt, dedicated to mere representative functions and not locally taxed.

The Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, known as Capital Requirements Directive IV (“CRD IV”), established a Country-by-Country Reporting (“CBCR”) requirement that aims to achieve a greater level of financial and tax transparency for European banks and investment firms.

In December 2013, the Capital Requirements (Country-by-Country Reporting) Regulations 2013 (Statutory Instrument 2013 No.3118) (“the Regulations”) formally transposed into UK law the country-by-country reporting requirements set out in Article 89 of CRD IV. The disclosures hereby presented intend to comply with the provisions of the Regulations and are available on www.itaubba.co.uk.

IBBAInt is committed to responsible management of its tax affairs. We manage tax in accordance with local laws and we are transparent in our interaction with tax authorities. In the UK, we have voluntarily adopted The Code of Practice on Taxation for Banks and maintain an open and transparent dialogue with HM Revenue & Customs.

Independent auditors' report to the Directors of Itau BBA International plc

We have audited the accompanying schedule of Itau BBA International plc for the year ended 31 December 2016 ("the schedule"). The schedule has been prepared by the directors based on the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

Directors' Responsibility for the schedule

The directors are responsible for the preparation of the schedule in accordance with the Capital Requirements (Country-by-Country Reporting) Regulations 2013, for the appropriateness of the basis of preparation and the interpretation of the Regulations as they affect the preparation of the schedule, and for such internal control as the directors determine is necessary to enable the preparation of the schedule that is free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with International Standards on Auditing (UK & Ireland). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the schedule is free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatements of the schedule, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the schedule in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the schedule.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, country-by-country information in the schedule as at 31 December 2016 is prepared, in all material respects, in accordance with the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013.

Basis of Preparation and Restriction on Distribution

Without modifying our opinion, we draw attention to the fact that the schedule is prepared to assist the directors to meet the requirements of the Capital Requirements (Country-by-Country Reporting) Regulations 2013. As a result, the schedule may not be suitable for another purpose.

Our report is intended solely for the benefit of the directors of Itau BBA International plc. We do not accept or assume any responsibility or liability to any other party save where terms are agreed between us in writing.
