

LETTER OF COMMITMENT OF ITAÚ UNIBANCO TO DIVERSITY

Over the course of 92 years of history, Itaú Unibanco has been built from different generations, origins, cultures, beliefs, races, genders and sexual orientations - a portrait of Brazil's diversity.

Recognizing the importance of this diversity, the institution decided to take one more step, by making a public commitment with its employees, clients, suppliers, partners and society to:

1. Stimulate a respectful and healthy environment for all the people who work at the organization;
2. Develop corporate leaders who are sensitive about and engaged with this commitment;
3. Ensure meritocracy by means of actions that promote equal opportunities.

Itaú Unibanco believes that individuality is not only a right of every person assured by the Federal Constitution but also, and above all, a commitment that must be reaffirmed and exercised every day by all of us.

We know that there is still a long way to go but, today, we have established an important milestone in this transformational journey of our history.
