Itaú Unibanco Holding S.A.

A Publicly Held Company

## 1. Message from the Chairman of the Board of Directors

*São Paulo, April 8, 2010*

Dear stockholder,

2009 was a year of big challenges. The integration process of Itaú Unibanco reached inedited proportions in the country, and in order to succeed in this task, we tried to reconcile the best of both institutions. In the last quarter of the year, the Board of Directors, supported by the Personnel Committee, initiated a wide-ranging discussion about the new corporate culture, basis for implementing our ambitious plans for growth.

Itaú Unibanco is aware of its great responsibility as leader in the financial sector. Our values and attitudes strengthen our commitment to the best practices of Corporate Governance, social and environmental responsibility, ethical conduct, and creation of value to our stockholder. In 2009, the result of these efforts was widely recognized by the market:

- We were in the list of the best companies to work of the Great Place to Work Institute, published by Época magazine;
- We were in the list of the best companies to work in the survey conducted by Universidade de São Paulo and published by Exame magazine;
- For the fifth consecutive year, we made up the portfolio of Business Sustainability Index (ISE) of BM&FBOVESPA;
- For the tenth consecutive year, since it was created in 1999, we made up the Dow Jones Sustainability World Index.

And our efforts will continue in 2010, because we will keep promoting a sustainable development through our services, processes, products and relationships.

In this context, according to the best international practices of Corporate Governance and in compliance with the CVM Instructions Nos. 480 and 481, of December 2009, we present for the third consecutive year, this report to our stockholders, which provide details on the subjects to be examined at the Extraordinary and Annual Stockholders' Meetings of Itaú Unibanco, which will be held on April 26, 2010. Our objective continues to be the wide adoption and strengthening of Corporate Governance practices, as well as to widen the dialogue with the thousands stockholders of Itaú Unibanco.

Have a good meeting!

Yours faithfully,  
Pedro Moreira Salles  
Chairman of the Board of Directors

Itaú Unibanco Holding S.A.

A Publicly Held Company

**2. Comments of directors**

See below the comments of directors about the Company, prepared in compliance with item 10 of the Reference Form attached to CVM Instruction No. 480/09.

**ITEM 10 - COMMENTS OF DIRECTORS****10.1. Directors should comment on:*****a) Financial and equity positions in general*****2009**

The Brazilian economic activity showed a strong recovery, mainly in the industrial segment, from January. Since then, the industrial production grew for ten consecutive months, posting an accumulated increase of 19.1% until November as compared to the month of December 2008. However, despite the sequence of monthly increases, production in industry still accumulated a decrease of 9.3% between January and November 2009, as compared with the same period of 2008.

Strong growth is expected for the Brazilian economy in 2010, consolidating the scenario of recovery already noted in employment and investment data as from the third quarter of 2009.

The quick recovery of the domestic bank credit was essential for such recovery. In December, credit reached 45% of GDP, after a historic series lower than this level.

We report below the highlights of our performance in 2009, and remind that the results for 2009 reflect the consolidation of Unibanco operations throughout the year, whereas in 2008, the consolidation of Unibanco operations only produced effect on results for the fourth quarter of that year.

Consolidated net income reached R\$ 10,067 million, with a 21.4% return on average equity. Excluding the non-recurring effects on income for the year, corresponding to an expense of R\$ 424 million, the recurring net income amounted to R\$ 10,491 million, with a return of 22.3%.

Consolidated stockholders' equity totaled R\$ 50,683 million at December 31, 2009, an increase of 16.1% in relation to the previous year. Therefore, the recurring return on the average equity reached 22.3%.

The total balance of assets amounted to R\$ 608,273 million at the end of the year, a drop of 4.5% in relation to the previous year. The recurring return on the average asset stood at 1.7% in 2009. The Basel ratio reached 16.7% at the end of the year.

Free, raised and managed assets increased 5.9% in relation to December 2008, totaling R\$ 855,112 million. The growth of 22.7% in savings deposits was noteworthy, reaching R\$ 48,221 million at the end of the period. We ended 2009 with a balance of R\$ 333,869 million in managed assets.

Itaú Unibanco Holding S.A.

A Publicly Held Company

Despite all challenges faced in 2009, we maintained a high level of financial performance, based mainly on the high level of segmentation and specialization of our operations in the market. The offer of differentiated financial products and services, specifically developed for the many different types of clients and sold in exclusive platforms and channels, is an essential characteristic of our operations.

Our credit portfolio, including endorsements and sureties, totaled R\$ 278,382 million, an increase of 2.4% from the previous year. Considering retail loans and financing operations only, we recorded a growth of 14.0% in the portfolio balance, totaling R\$ 177,491 million. On the other hand, we recorded a drop of 13.6% in loan operations carried out with large companies and of 12.6% in the portfolios in Argentina, Chile, Uruguay and Paraguay, a result of the appreciation of the Brazilian real in relation to foreign currencies and the recovery of capital markets, which resumed representing an important source for the investment projects of large conglomerates.

The change of the retail credit portfolio was characterized by the increases of R\$ 10,352 million, or 20.4%, in operations of very small, small and middle market companies, R\$ 5,458 million, or 23.1% in credit card balance, R\$ 4,351, or 9.1%, in vehicle financing operations and R\$ 2,266 million, or 36.3%, in real estate loan portfolio. Therefore, despite the reduction in the level of economic activity, we increased our credit granting and maintained our leadership position in many operating segments.

The prices of preferred shares of Itaú Unibanco appreciated 61.5% over 2009. The market value of Itaú Unibanco at Stock Exchanges, calculated taking into consideration the average price of the outstanding preferred shares on the last trading day of the period, totaled R\$ 175.1 billion at the end of December. According to Bloomberg, at December 31, 2009 Itaú Unibanco ranked ninth in the world bank rank, based on its market value.

## 2008

2008 was marked by the merger of the financial institutions Itaú and Unibanco which, on November 3, 2008, signed an agreement for the merger of their financial operations. This was the formal beginning of the construction of the largest private financial conglomerate in the Southern Hemisphere, with a market value that placed it among the 20 largest financial institutions in the world.

In 2008, the global financial market went through a unique moment, of significant changes with several impacts on Brazil. The first effects were felt here in August 2008 with the beginning of a strong process of devaluation of the Real in relation to the US dollar and the continuity of the adjustments at the stock exchanges started in the first half. The situation became more serious in September with the retraction of the world's credit market. The shortage of external credit lines led the Brazilian companies that operate abroad to seek credit in the local market. The credit offer maintained by large Brazilian banks reflected the effects of this new demand, the healthy preservation of liquidity and the expected increase in default rates. The combination of different factors, particularly the external ones, caused a reduction in the level of expansion of the Brazilian economy.

The integration of the operations of Itaú and Unibanco took place in a favorable environment, created by the international crisis itself, which offers opportunities for an Organization that is even stronger and more competitive. The merger is in line with the global consolidation movement of the financial institutions, which reflect the permanent search for more solid operations prepared for competition and more prepared to ensure the offer of credit and the soundness of the own system.

Itaú Unibanco Holding S.A.

A Publicly Held Company

We report below the highlights of our performance in 2008, and remind that the net income for the period had the impact of consolidation of Unibanco results for the fourth quarter of that year, whereas balance sheet accounts were fully consolidated at December 31, 2008.

Consolidated net income for the year totaled R\$ 7,803 million, with a return of 23.8% on average equity. Excluding the non-recurring effects on income for the year, corresponding to an expense of R\$ 567 million, the recurring net income amounted to R\$ 8,371 million, with a return of 25.5%.

Stockholders' equity reached R\$ 43,664 million at the end of 2008, an increase of 50.7% as compared to December 2007.

Consolidated assets of the new bank totaled R\$ 637,202 million at December 31, 2008. The Basel ratio stood at 16.1% at the end of December 2008.

Free, raised and managed assets increased 74.3% in relation to December 2007, totaling R\$ 807,652 million. The growth of 469.8% in time deposits was noteworthy, reaching R\$ 135,901 million at the end of the year. We ended 2008 with a balance of R\$ 258,252 million in managed assets.

Our credit portfolio, including endorsements and sureties, totaled R\$ 271,983 million at December 31, 2008, representing an increase of 113.1% in relation to December 31, 2007. The merger with Unibanco had an important role in this increase. We particularly mention the credit to companies operations, which grew 166.8% in relation to the prior year. The balance of the large companies segment grew 178.3% whereas that of the very small, small and middle market company segment grew 147.2% in the period. Operations with credit cards grew 116.4% in relation to the prior year. The vehicle portfolio kept a significant rate of growth, of 61.6% in relation to 2007. The real estate loan portfolio added to the rural loan portfolio grew 87.8%, mainly because of the expansion in the former. Loan operations carried out by our foreign branches (Argentina, Chile, Uruguay and Paraguay) increased 43.9%, mainly stimulated by the foreign exchange variation and consolidation of Interbanco operations in Paraguay. If we do not take into consideration the merger with Unibanco, the total balance of our loan and financing portfolio totaled R\$ 180,562 million at December 31, 2008, representing an increase of 41.5% in relation to the prior year.

## 2007

The international financial markets showed strong volatility in the second half of 2007, affecting the economic activity in the United States. This crisis, which arose in the US high risk mortgage market triggered a fall in real estate prices. As a result, the US economy started to show signs of a slowdown from the last quarter of 2007 (the annual GDP growth went from 4.9% in the third quarter to 0.6% in the fourth quarter). Another indicator of this slowdown was the unemployment rate, which changed from 4.5% in the first half to 5% in December. Because of the losses caused by the real estate market, the US credit market shrunk, which contributed to increase the slowdown of the US economy.

Despite of the external turbulences in the second half, 2007 was characterized by a great surge in economic activity, which resulted in an increase of 5.3% in the Brazilian GDP. This growth was based on the expansion of investments and increase in domestic consumption, supported by the decrease in interest rate.

The strong internal growth, together with the continuous appreciation of the Real, increased the level of imports. However, the maintenance of commodities prices at a high level and the boost in global trade contributed to increase exports, maintaining a significant balance of trade for the

Itaú Unibanco Holding S.A.

A Publicly Held Company

country. The result was also influenced by the substantial inflow of investments. In order to avoid a more rapid appreciation of the currency, BACEN increased its purchase of dollars, achieving a balance of reserves of US\$ 180 billion.

We also noted a slow acceleration in inflation, which, however, stood below the midpoint of the target. The main factor responsible for this increase was the international shock to the price of food. Without this component, inflation would be even lower.

The highlights of our performance for 2007 are described below.

Consolidated net income for the year amounted to R\$ 8,474 million, a return of 32.1% on average stockholders' equity. Excluding the non-recurring effects for the year amounting to R\$ 1,295 million, recurring net income was R\$ 7,179 million, with a return of 27.2%.

Stockholders' equity reached R\$ 28,969 million at the end of 2007, a growth of 22.9% as compared to December 2006. Basel ratio stood at 17.9% at the end of December 2007.

Consolidated assets reached R\$ 294,876 million, an increase of 40.6% in relation to December 2006.

Free, raised and managed own assets increased 29.7% in relation to December 2006, totaling R\$ 463,331 million. The growth of 22.2% in savings deposits is worth noting, reaching R\$ 27,990 million at the end of the year. We ended 2007 with R\$ 211,464 million in managed assets.

The loan portfolio, including endorsements and sureties, grew 36.2% in relation to the same period of 2006, reaching R\$ 127,589 million. Specific actions of the Bank, particularly in the vehicle segment, in addition to the significant growth in the demand for credit by individuals, caused significant increase in the portfolio over 2007. Our portfolio of non-mandatory loans to individuals grew 34.8% in the year, reaching R\$ 54,416 million, and the segment of very small, small and middle market companies grew 34.0% in relation to December 2006, totaling R\$ 21,769 million.

**b) Capital structure and possibility of redemption of shares or quotas, indicating:**

**I - Cases for redemption**

**II - Formula for the calculation of the redemption value**

There is no case for redemption of shares issued by the Company besides those which are legally provided for.

At December 31, 2009, capital stock comprised 4,570,936,219 book-entry shares with no par value, of which 2,289,286,475 were common and 2,281,649,744 were preferred shares without voting rights, but with tag-along rights, in the event of the public offering of shares, at a price equal to 80% of the amount paid per share with voting rights in the controlling stake, as well as a dividend at least equal to that of the common shares. Capital stock totals R\$ 45,000,000 (R\$ 29,000,000 at 12/31/2008 and R\$ 14,254,213 at 12/31/2007) of which R\$ 30,883,250 (R\$ 24,697,674 at 12/31/2008 and R\$ 10,258,220 at 12/31/2007) is held by stockholders domiciled in the country and R\$ 14,116,750 (R\$ 4,302,326 at 12/31/2008 and R\$ 3,995,993 at 12/31/2007) is held by stockholders domiciled abroad.

Itaú Unibanco Holding S.A.

A Publicly Held Company

***c) Payment capability in relation to the financial commitments assumed;***

***d) Sources of financing used for working capital and investments in noncurrent assets;***

***e) Sources of financing for working capital and investments in noncurrent assets that it intends to use to cover liquidity deficiencies;***

***g) Limits for the use of the financing already contracted.***

Our policy on asset and liability management is to maintain a close match of our maturity, interest rate and currency exposures. In order to establish policies and limits, we take into consideration the exposure limits for each market segment and product, and the volatility and correlation across different markets.

We have invested in the improvement of risk management of the liquidity inherent in our activities, simultaneously maintaining a portfolio of high liquidity securities (operational reserve), which represents a potential source for additional liquidity.

Liquidity reserves are controlled based on the estimate of funds that will be available for investment by our treasury department. The technique we employ involves the statistical projection of scenarios for our assets and liabilities, taking into consideration the liquidity profile of our counterparts.

Short-term minimum liquidity limits are defined according to guidelines set by the financial executive committee. These limits aim at ensuring sufficient liquidity, as well as forecasted minimum needs. We revise these limits periodically, on which we base the projections of cash needs in atypical market situations (i.e., stress scenarios).

Management of liquidity makes it possible for us to simultaneously meet our operating requirements, protect our capital and take advantage of market opportunities. Our strategy is to maintain adequate liquidity to meet our present and future financial obligations and to capitalize on business opportunities as they arise.

Our main source of funds is deposits. Deposits include deposits that do not earn interest in current account, interest-earning deposits in savings, bank deposit certificates sold to clients and interbank deposits of financial institutions. At December 31, 2009, total deposits reached approximately R\$ 190,772 million, representing 57.8% of total funds at December 31, 2008. In its turn, in December 2008, total deposits reached approximately R\$ 206,189 million, representing 61.1% of total funds, whereas in December 31, 2007, deposits totaled approximately R\$ 81,592 million, representing 50.6% of total funds. Our time deposits represent one of our main sources of financing that accounted for 60.1%, 65.9% and 29.2%, respectively, of total deposits at December 31, 2009, 2008 and 2007, respectively.

**Income from financial operations before loan losses**

In 2009, the income from financial operations before loan losses reached R\$ 46,147 million, which corresponds to an increase of 97.5% in relation to 2008. This change was mainly caused by the following factors: (i) we noted a significant increase in the average balance of loan and financing operations – in part associated with the consolidation of Unibanco operations – together

Itaú Unibanco Holding S.A.

A Publicly Held Company

with the change in the mix of clients and products. (ii) We also put in an extremely satisfactory performance of treasury, as a result of the impact of the drop in interest rate and foreign exchange coupon in fixed income and foreign exchange positions in the local market. (iii) Another important factor which contributed to this change was the impact arising from our strategy of foreign exchange risk of the capital invested abroad, which aims at neutralizing the foreign exchange risk, by using derivative financial instruments, also taking into consideration the tax effects. According to the Brazilian tax legislation, the gains and losses on foreign exchange change in investments in subsidiaries abroad are not taxable – in case of gains – and not deductible – in case of losses, being a permanent difference. Meanwhile, gains and losses on financial instruments used for hedging investments abroad are taxable or deductible. Our hedge strategy totally counteracts these effects, since we set up a hedge at a volume higher than the hedged asset, so that the result of the total foreign exchange exposure, net of tax effects, is practically null. Accordingly, in 2009, with the appreciation of Real in relation to other foreign currencies, we verified a gain from financial instruments and, on the other hand, in 2008 we noted a devaluation of Real in relation to foreign currencies, which gave rise to losses on financial instruments.

**Expense for allowance for loan losses**

Our expenses for allowance for loan losses grew 14.8% in relation to 2008, totaling R\$ 16,399 million. Over 2009, we noted the impact of two events that summed up and resulted in the increase in these expenses. First we changed our mix of clients and increased the balance of funds allocated to retail loan and financing operations, which required a higher volume of allowance. Second, the international financial crisis increased the risk of clients and caused the expenses with allowances related to loan granting operations to grow.

Our default ratio of operations overdue for more than 90 days reached 5.6% in 2009, whereas it stood at 3.9% in 2008. We have particularly noted an increase in default over the first half of 2009, but from that period the default in individual operations became stable at 8.1%, falling to 7.6% in the last quarter of the year. On the other hand, the corporate client operations reached peak default in the third quarter of the year, standing at 4.1% and returning to 4.0% in the fourth quarter of 2009.

The recovery of credits previously written off as losses grew 67.4% as compared to the prior year, as a result of policies on collection adopted, which aim at reintegrating clients that are current and non-current account holders to the universe of credit.

**Income from banking service fees and bank charges**

In 2009, income from banking service fees reached R\$ 12,455 million, which is equivalent to an addition of 44.0% in relation to the prior year. Income from bank charges totaled R\$ 2,772 million, which corresponds to an increase of 8.5% as compared to the prior year.

2009 was marked not only by the consequences of the international financial crisis but also by changes in regulatory frameworks, thus affecting our income from banking service fees. This is the case of prohibition from collecting fees for renewing registration, which affected our income from current account services. Despite the recovery of economic activity after the crisis, many companies continued to adopt conservative positions in relation to new investments and funding in the market. Such conservatism caused our income from placement of securities in capital markets and economic and financial advisory to show a reduction, mainly in the first half of 2009. However, in the second half we noted a growing recovery in these activities. In 2009, we also noted an increase in income from credit cards, as compared to 2009 and 2008, as a consequence of the popularization of the use of cards in business transactions and expansion of our card base. We also noted an addition in income from asset management, which contributed with R\$ 2,201 million

Itaú Unibanco Holding S.A.

A Publicly Held Company

to income from banking service fees, considering that the balance of managed assets posted a growth of 29.3% in relation to 2008, totaling R\$ 333,869 million. In relation to income from bank charges, the reduction in income from credit/registration operations because of changes in practices of priority service fees, under the terms of the policy adopted by the Central Bank, was offset against the increase in income from service packages, in view of the increase in the volume of transactions.

#### **Result from insurance, pension plan and capitalization operations**

In 2009, the result from insurance, pension plan and capitalization operations totaled R\$ 2,432 million, with an increase of 86.0% in relation to 2008. The result from insurance operations totaled R\$ 1,451 million in 2009, with an increase of 133.3% in relation to 2008. Basically, this change results from the consolidation of Unibanco operations, and the consequent increase in the volume of transactions. The result from life insurance and pension plan operations reached R\$ 469 million in 2009, an increase of 53.8% as compared to 2008, also related to the merger with Unibanco. The result of capitalization operations totaled R\$ 512 million in 2009, which is equivalent to a growth of 34.4% in relation to 2008.

#### **Personnel and other administrative expenses**

Personnel expenses totaled R\$ 9,832 million in 2009, a growth of 28.8% in relation to 2008. This growth was basically a result of the consolidation of Unibanco operations throughout 2009, in view of the consolidation in only one quarter of 2008. In addition, personnel expenses grew because of Collective Bargaining Agreements (CCT) which adjust salaries from September of each year.

Likewise, the other administrative expenses reached R\$ 11,593 million, which corresponds to an increase of 46.4% in relation to 2008. In addition to the impact of consolidation over different periods of Unibanco operations, other administrative expenses were affected by the increase in expenses for depreciation of data processing systems, furniture and equipment in general, and increase in expenses for credit card sales in view of the expansion and restructuring of operations.

The total number of collaborators of Itaú Unibanco reached 101,640 people, which represents a reduction of 6.6% in relation to 2008, a result of the streamlining of activities in the integration process of Itaú and Unibanco, and the transfer of employees from Itaú Unibanco to Porto Seguro, related to the process of alliance of these companies.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**Tax expenses**

Our tax expenses reached R\$ 4,238 million, an increase of 81.4% in relation to 2008. The consolidation of Unibanco operations was the main fact that caused this change. In addition, the rise in taxable income, arising from changes in the mix of loan portfolio and a higher level of operating activity, caused our tax expenses to grow.

**Other operating income/expenses**

The reduction of 37.6% in other operating income is basically associated with the fact that in 2009 certain events did not repeat, such as the reversal of R\$ 720 million in the provision of CPMF on lease operations, the reversal of R\$ 127 million of the provision for depreciation exceeding IT equipment and assets, and reversal of R\$ 64 million in provision related to the lawsuit referring to the payment of PIS (see the notes to the financial statements for 2008). On the other hand, in 2009 we had the impact of the reversal of R\$ 292 million, which refers to the program for cash or installment payment of federal taxes – Law No. 11,941/09.

In relation to other operating expenses, we noted a reduction of 26.4% between an expense of R\$ 5,480 million in 2009 and an expense of R\$ 7,448 million in 2008. In 2009, we did not note any repetition, in the same magnitude, of some events that occurred in 2008, such as (i) the setting up of R\$ 1,331 million in provisions for expenses related to the integration of Itaú and Unibanco, (ii) the provision of R\$ 531 million for health insurance, with the intent of covering possible future deficits, (iii) the amortization of R\$ 1,543 million in goodwill on investments, essentially related to the merger of Itaú and Unibanco, and (iv) one higher provision for tax and social security contingencies, as further discussed in the analysis of our results of operations for 2008 in relation to 2007. On the other hand, in 2009, the increase noted in credit card operations contributed to the growth of selling expenses, such as commissions and prizes. We also had an increase in the provision for civil contingencies in the normal course of business.

**Income tax and social contribution on net income**

Our expense for income tax and social contribution on net income reached R\$ 7,421 million in 2009, as compared to a deferred tax asset of R\$ 9,420 million in 2008. The main factors that contributed to this change in income tax and social contribution on net income were the following: (i) in 2008, we had exclusions of R\$ 6,131 million from our tax basis, arising from the merger between Itaú and Unibanco, which did not repeat in 2009, and (ii) the effect of the foreign exchange change on our investments abroad resulted in a expense of R\$ 2,034 million in 2009 in comparison to a tax benefit of R\$ 1,281 million in 2008. This change was partially offset by a greater tax benefit arising from the payment of interest on capital, reaching R\$ 1,478 million in 2009, with an increase of R\$ 778 million in relation to 2008.

The expense for social contribution on net income payable in short term is still without the effect of the rate increase from 9% to 15%, in view of the recognition of a deferred tax assets at an amount sufficient to cancel such effect, taking into consideration that the Management of the bank believes that it will receive a favorable decision in the Unconstitutionality Lawsuit filed by the National Confederation of the Financial System (CONSIF).

**Income from financial operations before loan losses**

Over 2008, Itaú Unibanco generated an income from financial operations before loan losses of R\$ 23,367 million, which corresponds to an increase of 11.4% in relation to the prior year. This increase is mainly resulting from the broadening of the loans and financing portfolio, both for individuals and companies, with simultaneous change in the mix of products and clients, favoring operations that are capable of providing a higher risk-return ratio. In the year we had a fine treasury performance, because we seized market opportunities in an environment of higher volatility. Finally, the consolidation of Unibanco operations in the last quarter of 2008 also contributed to increase the income from financial operations before loan losses.

**Expense for allowance for loan losses**

The expenses for allowance for loan losses reached R\$ 14,280 million in 2008, a growth of 117.6% in relation to the prior year.

Itaú Unibanco Holding S.A.

A Publicly Held Company

In 2008, considering the economic outlook of crisis and its associated uncertainties, the criteria for recognizing an additional allowance for loan operations were reviewed, resulting in the inclusion of a portion related to the risks of a more pessimist outlook for subsequent periods. From this analysis, we increased the total additional allowance, reaching R\$ 7,791 million at December 31, 2008, whereas in 2007 this balance totaled R\$ 2,150 million.

Besides, the expenses for allowance for loan losses were affected by the consolidation of Unibanco operations in the fourth quarter of 2008, the steady growth in our loan portfolio, and the impact of the international financial crisis on the review of risk rating of large companies, on the risk of very small, small and middle market companies portfolios, and on the individual clients portfolio.

Our default ratio, for transactions overdue over 90 days, stood at 3.9% in December 2008 whereas it stood at 4.2% on the same date of the prior year. Our models of credit risk management are continuously developed, helping us to meet the strategic goals established by the top management. The analysis of the behavior of different client clusters enabled us to develop a more intense relationship with those that have a low risk profile, thus permitting to combine the strong increase in the portfolio volume with the control over default ratios.

The income from recovery of credits previously written off as loss totaled R\$ 1,339 million in 2008, equivalent to an increase of 25.3% in relation to 2007, as a result of the consolidation of Unibanco operations and collection efforts taken over the year.

#### **Income from banking service fees and bank charges**

The income from banking service fees reached R\$ 8,649 million in 2008, an increase of 11.2% in relation to 2007. The main factors of such increase were: (i) expansion in the credit card basis, and (ii) growth in the client base comprising current account holders. We also point out that the consolidation of the Unibanco operations in the fourth quarter of 2008 contributed to the growth in income noted between the periods. The income from credit card operations posted an increase of 28.5% in relation to 2007, and such increase is a result of the intense focus of Itaú Unibanco on this product, in addition to the increased use of cards as means for paying sales transactions. Meanwhile, the growth in the client base of current account holders raised income from current account services, in view of the use of the maxiconta package and receipt services.

The income from bank charges totaled R\$ 2,555 million in 2008, an increase of 6.5% in relation to 2007. This increase was mainly a result of the consolidation of the Unibanco operations. The introduction by the Central Bank of Brazil of changes in the collection of basic service charges, from May 2008, in addition to the adoption of a client loyalty policy in view of a tougher competition, were the main factors that determined the reduction in income from bank charges between 2008 and 2007, when we did not consider the contribution of Unibanco.

#### **Result from insurance, pension plan and capitalization operations**

In 2008, the result from pension plan and capitalization operations totaled R\$ 1,307 million, an increase of 7.2% as compared to 2007. This increase was basically caused by a higher volume of transactions between periods. The results of the Insurance operations totaled R\$ 622 million in 2008, an increase of 12.5% as compared to 2007. The result of the life and pension plan operations reached R\$ 305 million in 2008, equivalent to a reduction of 23.0% in relation to 2007, due to adjustments arising from the merger with Unibanco. The result of Capitalization operations totaled R\$ 381 million in 2008, an increase of 41.1% as compared to the prior year.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**Personnel and other administrative expenses**

Personnel expenses totaled R\$ 7,632 million in 2008, a growth of 38.2% in relation to the prior year. This change is in part related to the consolidation of Unibanco operations in the fourth quarter of 2008. In addition, personnel expenses grew in view of the maintenance of actions for promoting the organic growth of our operations, of which the widening of the service network stands out. Thus the total bank branches received the addition of 134 sites, not taking into consideration the contribution of Unibanco, which corresponds to an increase of 4.8% in relation to 2007.

Other administrative expenses totaled R\$ 7,921 million, which corresponds to an increase of 23.7% in relation to 2007. The consolidation of Unibanco operations in the fourth quarter of 2008 was the main factor that determined this change.

**Tax expenses**

In 2008, tax expenses reached R\$ 2,336 million, a decrease of 7.8% in relation to the prior year. This decrease in tax expenses was mainly caused by the end of the payment of CPMF, which entered into effect on January 1, 2008.

**Other operating income/expenses**

Other operating income reached R\$ 1,509 million in 2008, a growth of 189.4% in relation to 2007. In 2008, we had the reversal of R\$ 720 million of provision for CPMF on lease operations. We also suffered the impact of the reversal of R\$ 127 million of provision for exceeding depreciation of IT equipment and assets, and R\$ 64 million arising from a lawsuit for the restoration of undue payments of PIS Gross Operating Income (ROB) exceeding PIS Repique (PIS calculated on income tax payable), for the periods July 1988 to May 1989. In November 2002, a final and unappealable decision was awarded recognizing the right to credit and in September 2008 the expert computation for settlement of the decision was completed.

Other operating expenses totaled R\$ 7,448 million in 2008, which corresponds to an increase of 253.6% in relation to an expense of R\$ 2,107 million in 2007. Over 2008, we recognized R\$ 1,331 million in provisions for expenses related to the Itaú Unibanco integration, the provision of R\$ 531 million for health insurance, with the intent of covering possible future deficits, the amortization of R\$ 1,543 million of goodwill on investments, essentially related to the merger of Itaú with Unibanco, and a higher provision for tax and social security contingencies, of which R\$ 290 million of CPMF on transactions carried out with clients, R\$ 402 million related to the deductibility of goodwill, R\$ 158 million related to CPMF on transfer of securities, R\$ 18 million associated with ISS on bank operations, and R\$ 199 million payable to Social Security (National Institute of Social Security, the INSS) on profit sharing in excess of collective bargaining agreement.

**Income tax and social contribution on net income**

In 2008, we recorded a deferred tax asset of R\$ 9,420 million as compared to an expense of R\$ 4,756 million in 2007. The main factors that contributed to this change in income tax and social contribution on net income were as follows: (i) in 2008, we recorded exclusions from our tax basis of R\$ 6,131 million resulting from the merger between Itaú and Unibanco, (ii) the impact of gains and losses on foreign exchange variation, associated with new investments abroad, resulted in a tax benefit that totaled R\$ 1,421 million in 2008, a change of R\$ 1,961 million as compared to 2007, and (iii) we had a greater tax benefit on payment of interest on capital, totaling R\$ 655 million in 2008, a growth of R\$ 573 million in relation to 2007.

Itaú Unibanco Holding S.A.

A Publicly Held Company

The expense for social contribution on net income payable in short term does not take into consideration the effect of the rate increase from 9% to 15%, in view of the recognition of a deferred tax assets at an amount sufficient to cancel such effect, taking into consideration that the Management of the bank believes that it will receive a favorable decision in the Unconstitutionality Lawsuit filed by the National Confederation of the Financial System.

**b) Changes in revenues arising from changes in prices, foreign exchange rates, inflation, changes in volumes and introduction of new products and services**

According to the criteria for classification of transactions set forth in BACEN Resolution No. 3,464/07 and Circular No. 3,354/07, and the New Capital Accord - Basel II, the financial instruments of ITAÚ UNIBANCO HOLDING S.A., including all transactions with derivatives, are separated in Trading and Banking portfolios.

The sensitivity analyses, shown below, do not predict the dynamics of the operation of the risk and treasury areas, because once loss related to positions is found, risk mitigating measures are quickly taken, minimizing the possibility of significant losses. In addition, we point out that the presented results do not necessarily translate into accounting results, because the study's sole purpose is to disclose the exposure to risks and the respective protective actions, taking into account the fair value of financial instruments, irrespective of the accounting practices adopted by the institutions.

The trading portfolio consists of all transactions, including those with derivatives, held with the intention of being traded or to provide hedge to the other financial instruments of this strategy. These are transactions for resale, obtaining benefits from price movements, actual or expected or conduction of arbitrage. This portfolio has strict limits set by the risk areas and is daily controlled.

The banking portfolio comprises transactions that do not fit into the trading portfolio concept and are typically banking transactions of the institution's business lines and their respective hedges, which may or not be carried out with derivative financial instruments. Accordingly, the derivatives of this portfolio are not used for speculation purposes, not generating significant economic risks to the institution.

Itaú Unibanco Holding S.A.

A Publicly Held Company

The considerable impact on the fixed-income factor is related to the market risks of fixed-rate financing of the banking portfolio, which are not recognized as marked to market and, therefore, are not necessarily fully subject to hedge.

(\*) Amounts net of tax effects.

Scenario I: Addition of 1 base point to the fixed-rate curve, currency coupon, inflation and interest rate indices, and 1 percentage point in currency and share prices, which is based on market information (BM&F BOVESPA, Anbima, etc).

Scenario II: Shocks at approximately 25% in the portfolio at the end of the period, considering the largest resulting losses per risk factor.

Scenario III: Shocks at approximately 50% in the portfolio at the end of the period, considering the largest resulting losses per risk factor.

On December 31, 2009, the result of the sensitivity analysis, with correlation effects between risk factors included in the trading portfolio and net of tax effects shows a sensitivity of marking to market of R\$ 432 million and R\$ 822 million for scenarios with variations from 25% to 50%, respectively (For December 31, 2008, the sensitivity of marking to market of trading portfolio for Scenario II would be R\$ 370 million and R\$ 717 million for Scenario III).

In the consolidated portfolio (trading + banking), sensitivity is of R\$ 1,299 million and R\$ 2,465 million for scenarios with variations from 25% to 50%, respectively (For December 31, 2008, sensitivity of marking to market of the consolidated portfolio (trading + banking) of Scenario II would be R\$ 1,407 million and R\$ 2,655 million for Scenario III).

**c) Impact of inflation, changes in the prices of main inputs and products, foreign exchange rate and interest rates on the operating and financial income and expenses**

The balance sheet per currency shows the asset and liability balances indexed to the local currency and those indexed to foreign currencies. At December 31, 2009, the net foreign exchange position, including investments abroad, is a liability totaling US\$ 8,041 million. We point out that the policy of gap management that we adopt is carried out taking into consideration the tax effects on this position. As the result from foreign exchange variation in investment abroad is not taxed, we set up a hedge (liability position in foreign exchange derivatives) at a higher volume than the hedged asset, so that the total result from foreign exchange variation, net of tax effects, is practically cancelled and consistent with the strategy of low risk exposure that we adopted.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**10.3. Directors should comment on the material effects that may have been caused or that are expected to be caused on the issuer's financial statements and its results:**

***a) Introduction or disposal of operating segment***

The operating segments of Itaú Unibanco are as follows:

- Commercial Bank, which income is obtained from the offer of financial products and provision of bank services to the retail client base (individuals and very small companies), high net worth individuals, with significant assets (private bank) as well as to small and middle market companies.
- Itaú BBA, which is responsible for banking operations with large companies and activities as investment bank.
- Consumer Credit, which income is from the financial products and services offered to non-current account holder clients.
- Corporate + Treasury, which income is associated with excess capital and excess of subordinated debt and carry of net balance of deferred tax assets and tax debts added to the income associated with treasury operations.

Itaú Unibanco did not introduce nor dispose any operating segment in 2009, 2008 or 2007.

***b) Incorporation, acquisition or disposal of ownership interest***

**2009**

**Sale of interest in Allianz Seguros**

On December 29, 2009, Itaú Unibanco Holding and Allianz South America Holding B.V. entered into an agreement governing the acquisition by Allianz South America of the 14.025% interest held by Cia. Itaú de Capitalização in the capital of Allianz Seguros S.A. The amount of this transaction was R\$ 109 million.

**Extension of Agreement with Magazine Luiza**

On November 27, Magazine Luiza and Itaú Unibanco completed a negotiation related to the extension of exclusivity period to December 31, 2029. The alliance refers to the distribution of credit products by Luizacred, a financial institution held in equal proportions by Magazine Luiza and Itaú Unibanco, in all physical and virtual stores owned or operated by Magazine Luiza, either directly or indirectly, as well as call centers, internet, mailing or any other points or forms of contact between Magazine Luiza and its customers. This transaction amounted to R\$ 250 million.

**Acquisition of total shares of Itaú XL Seguros Corporativos S.A.**

On November 12, 2009, Itaú Seguros S.A. and XL Swiss Holdings Ltd. A company controlled by XL Capital Ltd., entered into an agreement through which Itaú Seguros S.A. will purchase the total shares issued by Itaú XL Seguros Corporativos S.A. held by XL Swiss Holdings Ltd., becoming the holder of 100% in Itaú XL Seguros Corporativos S.A.. A separate agreement

Itaú Unibanco Holding S.A.

A Publicly Held Company

was signed through which Itaú Seguros S.A. shall provide, after the completion of the transaction, insurance coverage to the clients of XL in Brazil and of its Global Programs with operations in Brazil. This process is awaiting approval from the Superintendency of Private Insurance – SUSEP.

#### **Transfer of capital of Unibanco Saúde Seguradora to Tempo Participações**

On September 24, 2009, Itaú Unibanco and Tempo Participações signed a Memorandum of Understanding aiming at the transfer of total capital from Unibanco Saúde Seguradora to Tempo. Our intent with this operation was to expand the strategic focus of our insurance activity, concentrating our activities in the segments in which we hold leadership positions. The amount of this transaction was R\$ 55 million. The signed memorandum also establishes that, due to the future performance of the operation of Unibanco Seguradora, Itaú Unibanco will be entitled to an additional payment of up to R\$ 45 million.

#### **Change in FIC partnership agreement**

Companhia Brasileira de Distribuição (CBD) and Itaú Unibanco concluded, on August 28, the negotiation related to the company Financeira Itaú CBD S.A. Crédito, Financiamento e Investimento (FIC). The agreement which gave rise to FIC was amended, excluding the exclusivity obligation of Itaú Unibanco. In consideration, Itaú Unibanco paid to Pão de Açúcar Group the amount of 550 million. On the same occasion, the exclusivity for the offer of financial products and services granted by CBD to FIC was extended for an additional period of five years, reason why Itaú Unibanco paid R\$ 50 million to the Pão de Açúcar Group.

#### **Alliance with Porto Seguro**

On August 23, 2009, Itaú Unibanco and Porto Seguro entered into an alliance aimed at the unification of their residence and vehicle insurance operations. With this operation, millions of clients of Porto Seguro and Itaú Unibanco now count on the most complete insurance services in the Brazilian market, specially an extensive network of Insurance Brokers that may offer a wide range of products and services, by means of several companies that became part of the group, increasing their options.

Due to this alliance, the company will increase its financial soundness and will hold a leadership position in the residence and vehicle insurance lines, with 3.4 million vehicles and 1.2 million properties insured, thus reinforcing our leadership strategy in the majority of markets in which we operate. Additionally, the alliance will enable the achievement of economy of scale and synergy of costs, and will also permit a stronger geographic presence. Therefore, an operating agreement was entered into for the offer and distribution, on an exclusive basis, of vehicle and residence insurance products to the clients of Itaú Unibanco network, in Brazil and Uruguay.

Total assets and liabilities related to the current portfolio of residence and vehicle insurance of Itaú Unibanco were transferred to a new company, Itaú Unibanco Seguros de Automóvel e Residência S.A. This company started being managed by Porto Seguro, and the executives and collaborators of Itaú Unibanco who work in the vehicle and residence insurance segments were allocated to the new company, thus expanding the expertise and quality in the insurance management. In consideration, Porto Seguro issued shares representing 30% of its new capital, which were delivered to Itaú Unibanco.

#### **Partnership with Vivo S.A.**

On March 31, 2009, Banco Itaúcard S.A., Vivo S.A. and Telemig Celular S.A., a subsidiary of Vivo S.A. (Vivo S.A. and Telemig Celular S.A., collectively referred to as "Vivo") leader in the

Itaú Unibanco Holding S.A.

A Publicly Held Company

Brazilian market of mobile and telecommunications services, entered into a partnership through which we were granted the right for 10 years to market and sell to Vivo clients in Brazil co-branded credit cards and other financial products and certain related insurance products.

#### **Redecard**

On March 30, 2009, Itaú Unibanco purchased 24,082,760 registered common shares of Redecard S.A. for R\$ 590 million, giving rise to a goodwill amounting to R\$ 557 million, which, net of taxes, totaled R\$ 506 million. In view of this transaction, Itaú Unibanco started to have the stockholding control over Redecard S.A., fully consolidated in the Financial Statements of Itaú Unibanco from the first quarter of 2009.

#### **2008**

##### **Itaú BBA remaining interest**

On November 29, 2008, Itaú Unibanco S.A. acquired the remaining 4.25% interest in total shares of Banco Itaú BBA S.A. held by certain executives and employees of Banco Itaú BBA S.A.. At present, Itaú Unibanco Holding holds approximately 100% interest in the capital of Banco Itaú BBA S.A..

##### **Transaction with the American International Group, Inc (AIG)**

On November 26, 2008, Unibanco – União de Bancos Brasileiros S.A. entered into an agreement with the American International Group, Inc., or AIG, to revert the exchange of shares that each of the groups held in Brazilian insurance companies, as follows: (i) Unibanco – União de Bancos Brasileiros S.A. acquired for 820 million the shares held by AIG, and (ii) AIG acquired for US\$ 15 million the shares held by Unibanco – União de Bancos Brasileiros S.A. in AIG Brasil Companhia de Seguros. With the completion of this transaction, Unibanco – União de Bancos Brasileiros S.A., became the indirect holders of 100% of capital in Unibanco Seguros S.A., Unibanco AIG Vida e Previdência S.A. (currently named “Itaú Vida e Previdência S.A.”) and Unibanco AIG Saúde Seguradora S.A. (currently named “Unibanco Saúde Seguradora S.A.”), which were companies controlled by Unibanco Seguros S.A..

##### **Marisa Partnership**

On December 4, Itaú Unibanco entered into an operating agreement with Marisa S.A. to create a new co-branded credit card for a 10-year period. Marisa is the largest store chain specialized in woman's fashion in Brazil, with 207 stores in the country and over 8 million private label cards. The investment amount in this partnership is approximately R\$ 120 million.

##### **The Creation of Itaú Unibanco**

On November 3, 2008, Itaú and Unibanco signed the agreement for the merger of their financial operations, which was approved by the Central Bank of Brazil on February 18, 2009. It was the formal beginning of the building of the largest private financial conglomerate in the Southern Hemisphere, with a market value among the 20 largest financial institutions in the world.

This financial institution will be fully capable of being a player in the new global competitive scenario. The result of this partnership is a bank with Brazilian capital with commitment, strength, vocation and economic capacity to become a vital partner in the development of Brazilian companies in Brazil and abroad. With a strong international presence – it already has commercial

Itaú Unibanco Holding S.A.

A Publicly Held Company

bank operations in all Mercosur countries - the institution will have the required agility to increase the presence of Brazil internationally.

Itaú Unibanco consolidates its position in a scenario in which Brazil and its financial system are in privileged conditions, with strong possibilities of improving even more its relative position in the global scenario. In this phase of sustainable growth of the country, movements like this, which strengthen large domestic companies, are growing in importance, such as those which are occurring in other sectors of economy, continuously expanding their competitive capacity.

After over 15 months in gestation through dialogues, Itaú Unibanco was born with a strong identity in values and a converging vision for the future. For this purpose, the controlling stockholders of Itaúsa and Unibanco decided to establish the holding company IUPAR – Itaú Unibanco Participações S.A. with a shared governance model.

The conglomerate resulting from the merger has scale, expertise and a strong capital basis, which enable it to significantly reinforce the credit supply to the market, corresponding to the expectations of a sound and vigorous response to the demands from companies and individuals

#### **Acquisition of interest in Banco Itaú Europa**

In November 2008, Itaúsa transferred to Itaú Unibanco the ownership interest it held in Banco Itaú Europa S.A. for approximately R\$ 1,137 million, of which R\$ 550 million through the issue of common shares of Itaú Unibanco and R\$ 587 million in cash.

#### **Acquisition of Capital Union in Uruguay**

In April 2008, Itaú Unibanco purchased all shares of Unión Capital AFAP S.A., a company that manages social security funds and that holds 20% of the assets of pension funds in Uruguay.

#### **Partnership with Coelho da Fonseca**

In April 2008, Itaú Unibanco Holding and Itaú Unibanco S.A. signed a partnership agreement with Coelho da Fonseca Empreendimentos Ltda., a real estate broker that provides real estate consulting and brokerage services, for the acquisition of the exclusive right to offer, distribute and market real estate financial products and services to the clients of Coelho da Fonseca. According to this partnership, Coelho da Fonseca Empreendimentos Ltda. is entitled to a commission based on the financial products and services that its clients purchase from us.

#### **Partnership with Dafra da Amazônia Indústria e Comércio de Motocicletas Ltda.**

In March 2008, Itaú Unibanco S.A. signed a partnership agreement with Dafra da Amazônia Indústria e Comércio de Motocicletas Ltda., a motorcycles assembling company owned by the Itavema Group, for the acquisition of the exclusive right to: (i) offer, distribute and market financial products and services to the clients of Dafra, and (ii) offer working capital loans to the Dafra dealers for the financing of motorcycles purchases, and (iii) be recommended by Dafra to dealers about certain financial, social security and private pension products and services of Itaú Unibanco S.A. The investment of Itaú Unibanco S.A. totaled R\$ 20 million and refers to the acquisition of such exclusive right for 10 years, being extendable.

The amount of R\$ 20 million, paid to Dafra, was recorded as intangible asset, which will be amortized over the term of the agreement. We allocated this intangible asset to the banking services segment of Itaú Unibanco S.A. The partnership was structured through a profit sharing

Itaú Unibanco Holding S.A.

A Publicly Held Company

agreement, through which Itaú Unibanco S.A. is entitled to 60% and Dafra is entitled to 40% of profit earned in the sale of financial products and services.

## 2007

### Real Estate Loan

On December 28, Itaú Unibanco announced an agreement with LPS Brasil – Consultoria de Imóveis S.A. (Lopes) for the promotion and supply of real estate products. Its purpose is the development of the used real estate market, including financing of construction materials for remodeling properties. This association has potential to leverage the sales of real estate and to strengthen the Brazilian real estate loan market. Itaú Unibanco paid R\$ 290 million for the agreement, recorded in prepaid expenses, which will be amortized over 20 years.

### BM&F

In November, within the Initial Public Offering of Bolsa de Mercadorias e Futuros – BM&F S.A. (Brazilian Mercantile & Futures Exchange - BMF) (after the merger with Bovespa Holdings, BM&FBOVESPA), Itaúbank Distribuidora de Títulos e Valores Mobiliários S.A., Itaú Unibanco S.A., and Banco Itaú BBA S.A., sold 10.4 million shares issued by Bolsa de Mercadorias e Futuros – BM&F S.A. and Unicard Banco Múltiplo S.A. sold 4.5 million shares issued by Bolsa de Mercadorias e Futuros – BM&F S.A.. In addition, before the initial public offering of Bolsa de Mercadorias e Futuros – BM&F S.A. shares, Itaúbank Distribuidora de Títulos e Valores Mobiliários S.A., Itaú Corretora de Valores S.A., Itaú Unibanco S.A. and Banco Itaú BBA S.A., sold 3.4 million shares issued by Bolsa de Mercadorias e Futuros – BM&F S.A. to GL Latin América Investments LLC and Unicard Banco Múltiplo S.A. sold 1.5 million shares issued by Bolsa de Mercadorias e Futuros – BM&F S.A. to GL Atlantic Private Equity Group. At that time, these transactions gave rise to a net income of R\$ 150 million to Itaú Unibanco Holding and R\$ 62 million to Unibanco Holdings S.A.

### Bovespa Holding

On October 26, the Initial Public Offering (IPO) of Bovespa Holding S.A. was carried out. With this offer, Itaú Unibanco sold 11.4 million shares it held in the company for R\$ 23.00 each. The operation resulted in an impact in results after taxes for 2007 of R\$ 164 million. After this operation, Itaú Unibanco became the holder of 4% interest in the company's capital, corresponding to a market value of R\$ 973 million at December 31, 2007.

### Kinea Investments

On October 18, Itaú Unibanco announced the organization of Kinea, a company specialized in the management of alternative investments, which operates with hedge funds and real estate equity, and that expanded our range of products offered to high net worth and institutional clients. Kinea uses the infrastructure, know-how and technology of Itaú Unibanco, and has independent premises, team and operations.

### Redecard

On July 11 and 31, Itaú Unibanco sold 53.8 million common shares (8.73% of total capital) it held at Redecard S.A., the company responsible for capturing and transmitting credit and debit card transactions of Mastercard and Diners in Brazil. Each share was traded at R\$ 27.00, generating a positive impact of R\$ 1,050 million after tax in the result for 2007. Itaú Unibanco

Itaú Unibanco Holding S.A.

A Publicly Held Company

continues taking part in the company's control through a stockholders' agreement and with two members of the Board of Directors, and with a 23.21% interest in the company's capital.

#### **Serasa**

On June 28, Itaú Unibanco sold 22.33% of its interest in the capital of Serasa S.A. (Serasa), represented by 832,176 shares, to Experian Brasil Aquisições Ltda. (Experian), a Brazilian subsidiary company of Experian Solutions, Inc. The result after taxes was R\$ 490 million. Itaú Unibanco continues taking part in the management of Serasa, with a 10.29% indirect interest in the company's total capital and the right to appoint one member for the Board of Directors.

#### **Acquisition of private banking of ABN AMRO in Miami and Montevideo**

On June 8, the acquisition of the assets of international private banking of Latin American clients, served by Miami and Montevideo, from ABN Amro Bank N.V. was completed. The acquisition comprised managed assets of approximately US\$ 3.0 billion, recorded in the United States, Switzerland and Luxembourg. From the second quarter of 2007 on, these assets started being accounted for at Banco Itaú Europa. The operation consolidated Itaú Unibanco and Banco Itaú Europa as one of the leaders of private banking in Latin America.

#### **Acquisition of BankBoston International and BankBoston Trust Company Limited**

On May 31, Banco Itaú Europa and its subsidiary Banco Itaú Europa Luxembourg completed the acquisitions of BankBoston International (BBI), with head offices in Miami, and BankBoston Trust Company Limited (BBT), with head offices in Nassau. The operation comprised managed financial assets of approximately US\$ 3.2 billion and about 5.500 private banking clients in Latin America. Goodwill on acquisitions totaled R\$ 96 million, which were fully amortized in the consolidated financial statements of Itaú Unibanco.

#### **BankBoston Operations**

On February 1, BACEN authorized Itaú Unibanco and Itaúsa – Investimentos Itaú S.A. (Itaúsa) to acquire the operations of BankBoston in Chile and Uruguay from Bank of America Corporation (BAC). With the official launch of Itaú in Chile and Uruguay, on March 5 and 26, respectively, all branches were converted, showing the effective beginning of Itaú Unibanco operations in both countries.

From the first quarter of 2007, the operations of BankBoston in Chile and Uruguay are consolidated in the financial statements of Itaú Unibanco. The operations of BankBoston in Brasil are already incorporated into those of Itaú Unibanco and all branches were integrated into Itaú operating system in a program completed in June 2007.

#### **Capital Markets – South Korea**

Itaú Unibanco formed an association with Daewoo Securities and KDB Asset Management to launch a fund with investments in stocks and fixed-income securities, to provide a selection of portfolios targeted at the Korean investors who want to invest in Brazilian assets. With this pioneer initiative, Itaú Unibanco became the first Latin American bank to operate as a fund advisor in the capital markets of South Korea.

**10.4. Directors should comment on:****a) Significant changes in accounting practices****2009**

There were no changes in the Company's accounting practices.

Itaú Unibanco Holding S.A.

A Publicly Held Company

## 2008

On December 28, 2007, Law No. 11,638 was enacted in order to amend and revoke the provisions of Laws No. 6,404, of December 15, 1976 and No. 7,385 of December 7, 1976 on accounting practices, preparation and disclosure of financial statements.

The main changes in accounting practices were as follows:

- Fixed Assets started to include assets arising from operations that transfer to the company any benefits, risks and control over these assets and Deferred Charges started to include the preoperating expenses and restructuring expenses. Accordingly, leasehold improvements and software purchase were reclassified from Deferred Charges to Fixed Assets and Intangible Assets, respectively, including for comparison purposes.
- Periodic analysis on recovery, measurement and disclosure of losses in relation to the recoverable value of assets, as regulated by CMN Resolution No. 3,566, of May 29, 2008. No losses were found by the assessment carried out by Management at the end of each year.
- Creation of the subgroup "Intangible assets" in Permanent Assets, in order to classify any rights whose subjects are intangible assets intended for maintenance of the company or which are exercised for such purpose, including acquired goodwill. Accordingly, rights for acquisition of payroll and acquisition of customer portfolio and software were reclassified from Prepaid Expenses and Deferred Charges, respectively, including for comparability purposes.

## 2007

There were no changes in the Company's accounting practices.

### ***b) Significant effects of the changes in accounting practices***

The main changes in accounting practices were as follows:

- Disclosure of the Statement of Cash Flows in lieu of the Statement of Changes in Financial Position and Statement of Added Value as integral parts of the financial statements required by the Brazilian accounting practices. ITAU UNIBANCO already voluntarily disclosed these financial statements.
- Lease Operations: Unibanco is a lessee in lease operations. According to CVM Resolution No. 554, of November 12, 2008, it was recorded in assets and the corresponding financial liability was recognized. Any adjustments to operation were recorded in Retained Earnings and in the Results for 2008, net of any deferred taxes.
- Share-based payments: In compliance with CVM Resolution No. 562, of December 17, 2008, the fair value of options granted to management members started being recognized proportionally to the vesting period, as Personnel expenses, having as contra-entry the Capital Reserves account. The effects related to prior years arising from the application of the aforementioned procedure were recorded in Revenue Reserves.

### ***c) Qualifications and emphases presented in the auditor's report***

There were no qualifications and emphases presented by the auditor for 2009, 2008 and 2007 .

Itaú Unibanco Holding S.A.

A Publicly Held Company

**10.5. Directors should indicate and comment on the critical accounting policies adopted by the issuer, in particular, accounting estimates made by management on uncertain and relevant issues for describing the financial position and results of operations that require subjective or complex judgment, such as: provisions, contingencies, revenue recognition, tax credits, long-lived assets, useful life of noncurrent assets, pension plans, foreign currency translation adjustments, environmental recovery costs, criteria for asset and financial instrument impairment tests.**

#### **General**

Our main accounting practices are described in Note 4 to our financial statements at December 31, 2009, December 31, 2008 and December 31, 2007. The preparation of financial statements involves certain estimates and assumptions arising from experience in our history and several other factors that we consider to be reasonable and relevant. Although we continuously review these estimates and assumptions in the ordinary course of our business, the presentation of our financial position and results of operations often require that we make judgments on issues that are inherently uncertain. The topics below describe the areas that require most of our judgment or that involve a high level of complexity in the application of accounting policies that currently affect our financial position and results of our operations.

#### **Use of Estimates and Assumptions**

The preparation of the financial statements require that we make estimates and use assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting periods. Estimates and assumptions are used, for example, to calculate the allowance for loan losses, to determine the useful lives of certain assets, to determine that a certain asset or a group of assets posts loss in its recoverable value, to determine the expectation of realization of deferred tax assets, to determine the market value of certain financial instruments, to classify and calculate contingent liabilities and to determine the amount of technical provision for insurance, pension plan and capitalization. The accounting estimates made in these contexts require our preparation of estimates for issues that are highly uncertain. In each case, if we had processed other estimates or if changes in such estimates occur from one period to the other, there may be a material impact on our financial position and results of our operations. Accordingly, actual results may differ from our estimates.

#### **Provision for allowance for loan losses**

The allowance for loan losses represents our estimate for probable losses in our portfolio of loan and lease operations at the end of each reporting period. The allowance is calculated considering the rating of loan losses in nine different risk levels (from AA to H). The rating in each risk level is a judgment that considers the economic and political conditions, trends in credit quality, past experience, specific risks of the portfolio and certain global risks, as well as CMN and BACEN regulations. CMN regulations establish that minimum allowance levels for loan operations and other loan extensions, in each risk rating, which range from 0% (for loan operations which are not overdue) to 100% (for loan operations which are over 180 days overdue). Should our estimates differ from the amounts effectively received, additional provisions may be required.

#### **Market Value of Financial Instruments**

We record some of our financial instruments at their market value. The financial instruments recorded at market value in our balance sheet are basically composed of securities

Itaú Unibanco Holding S.A.

A Publicly Held Company

classified as trading securities, available-for-sale securities and other trading instruments, including derivative financial instruments. Held-to-maturity securities are recorded at the acquisition cost amortized in our balance sheet and their corresponding market value is disclosed in the accompanying note.

Market value is defined as the amount in which a position can be sold or settled in an arm's length transaction. We estimate these amounts using market quotations, when available. If these are not available, we use a variety of sources as quotations from brokers, pricing models, quoted prices of similar financial instruments or discounted cash flows. Determining the market value when a market quotation is not available involves judgment. Likewise, judgment should be used to estimate prices when there is no external parameter. Other factors that may affect our estimates are the use of inaccurate estimates in our models and unexpected correlations. Although we believe that our pricing methods are adequate and consistent with the other market players, the use of different methodologies and estimates to determine the market value of certain instruments may result in different market values at the closing date, which may affect the reported revenue or loss for a certain asset or liability financial instrument.

Judgment is also required to determine if the reduction in market value below the amortized cost of available-for-sale securities or held-to-maturity securities is permanent, which would require the recognition of a provision with its effects recognized in results for the period. We use certain factors to determine if a loss is permanent, such as the observed period of loss, the loss amount and the expected potential realization of the financial instrument.

### **Contingent Liabilities**

We are party in a series of civil, labor, tax and social security lawsuits, inherent in the normal course of our operations. We record provisions for these contingencies based mainly on the following parameters: a) for lawsuits examined individually, the opinion of our internal and external legal advisors and on the probability that financial resources will be required to settle these obligations, when the settlement amounts can be estimated with sufficient certainty, and b) for lawsuits examined collectively, according to the statistical references per group of lawsuits, type of legal body (Small Claims Court or Regular Court) and claimant.

We classify the risks that such contingencies arising from the lawsuits may become effective losses for us as probable, possible or remote. We recognize provisions for these contingencies when we classify the losses related to these liabilities as probable. Although we do not recognize provisions for contingencies which risk we consider as possible or remote, we disclose the amounts of contingencies which risk is considered possible.

We measure our contingency amounts using models and criteria we believe can accurately estimate these amounts, despite the high level of uncertainty in the nature of terms and amounts of these contingencies.

Although we believe that contingencies are adequately reflected in our financial statements, their outcome may result in payment obligations in amounts higher than the total provisioned for all contingencies, considering the inherent difficulties to estimate the exact amounts for these lawsuits.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**10.6. With respect to the internal controls adopted to ensure the preparation of reliable financial statements, directors should comment on:**

***a) Efficiency level of such controls, indicating any imperfections and measures adopted to correct them***

The Management of Itaú Unibanco Holding S.A. is responsible for establishing and maintaining Internal Controls related to the company's Consolidated Financial Statements.

The internal control related to the financial statements is a process developed to provide reasonable assurance regarding the reliability of accounting information and preparation of the financial statements disclosed in accordance with the generally accepted accounting principles. The internal controls related to the financial statements include the policies and procedures that: (i) are related to the maintenance of records that, in reasonable detail, reflect accurately and properly the transactions and write-offs of the company's assets; (ii) provide reasonable assurance that the transactions are recorded as necessary to enable the preparation of the financial statements in accordance with the generally accepted accounting principles in Brazil, and that the company's receipts and payments are only being made in accordance with the authorizations of the company's management and directors; and (iii) provide reasonable assurance regarding the timely prevention or detection of unauthorized acquisition, use or allocation of the company's assets which could have a significant effect on our financial statements.

Due to their inherent limits, the internal controls related to the financial statements may not avoid or detect errors. Therefore, even the systems determined to be effective may only provide reasonable assurance regarding the preparation and presentation of the financial statements. Likewise, projections of any evaluation on their effectiveness for future periods may be subject to the risk that the controls may become inadequate due to changes in conditions, or deterioration may occur in the level of conformity with practices or procedures.

The Management evaluated the effectiveness of the Internal Controls related to the company's Consolidated Financial Statements at December 31, 2009 in accordance with the criteria defined by COSO – Committee of Sponsoring Organization of the Treadway Commission in Internal Control – Integrated Framework. The Management's evaluation includes documentation, assessment and test of design and effectiveness of the internal controls related to the financial statements. Based on this assessment, Management concluded that the Internal Controls related to the Consolidated Financial Statements are effective at December 31, 2009.

***b) Deficiencies of and recommendations for the internal controls that are present in the independent auditor's report***

In the independent auditor's report, we did not note deficiencies or recommendations on internal controls that pose risk of failure or material effect on the financial statements. However, we shall report how Itaú Unibanco performs the monitoring of its notes and action plans.

However, it is important to emphasize the way Itaú Unibanco performs the monitoring of the notes and action plans. The deficiencies and recommendations of (internal and external) audits are monitored on a monthly basis by the Executive Areas, through multidisciplinary committees with the attendance of Internal Audit and Operational Risks representatives.

Additionally, all this monitoring is periodically reported to the Executive Committee and the Audit Committee of the Institution.

A Publicly Held Company

### 3. Information on Annual and Extraordinary Stockholders' Meetings

Pursuant to article 132 of Law No. 6,404/76 ("Brazilian Corporate Law"), corporations shall hold the Annual Stockholders' Meeting during the first four (4) months after the closing of the fiscal year. The fiscal year of Itaú Unibanco Holding S.A. ("Itaú Unibanco" or "Company") starts on January 1 and ends on December 31 of each year. Accordingly, the Company shall hold the Annual Stockholders' Meeting until April 30. This year the Annual Stockholders' Meeting will be held on April 26.

The Annual Stockholders' Meeting shall be declared open in the first call with the attendance of Stockholders representing one forth (1/4) of voting capital, i.e., holders of common shares, and in second call, with any number of holders of common shares.

Pursuant to article 135 of Brazilian Corporate Law, amendments to the Bylaws shall be resolved in an Extraordinary Stockholders' Meeting, which shall be declared open in first call with the attendance of Stockholders representing at least two thirds (2/3) of voting capital, and in second call with any number of Stockholders.

In order to assist the Stockholders represented by attorneys-in-fact who decide to take part in the Meetings, we present a proxy template in Attachment I.

According to CVM Instructions Nos. 165/91 and 282/98, in order to request the adoption of multiple vote in the election of members to the Board of Directors of the Company, the applicant stockholders shall represent at least 5% of voting capital.

Pursuant to article 141, paragraph 1 of Brazilian Corporate Law, the option set forth in said article regarding the adoption of multiple vote shall be exercised by the Stockholders at least forty-eight (48) hours before the Annual Stockholder's Meeting is held, and the presiding officer of said Meeting shall inform in advance to the Stockholders, based on "Attendance Book", the number of votes required for election of each member of the Board of Directors.

The Call Notice included in item 3 hereof shall be published on April 9, 10, and 13, 2010 in the Official Gazette (*Diário Oficial*) of the State of São Paulo and on 9, 10 and 11 (one issue), April 12 and 13, 2010 in the Valor Econômico newspaper, being also available on the Investor Relations website ([www.itaunibanco.com.br/ri](http://www.itaunibanco.com.br/ri)).

The Management Report on the business and main administrative facts of the year, a copy of the financial statements, the Report of Independent Auditors and the Opinion of Fiscal Council and a copy of Summaries of the Audit Committee Reports were published in the Official Gazette (*Diário Oficial*) of the State of São Paulo on March 12, 2010 and in the Valor Econômico newspaper on March 12, 13 and 14, 2010.

In order to divulge the matters to be resolved in the Stockholders' Meetings, the Company made available to Stockholders, on March 26, 2010, on the Brazilian Securities and Exchange Commission website, through the Periodic Information System (IPE), the information listed in article 9 of CVM Instruction No. 481/2009.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**4. Call notice****ITAÚ UNIBANCO HOLDING S.A.**

CNPJ. 60.872.504/0001-23

A Publicly-Held Company

NIRE. 35300010230

**Call notice**

The stockholders of **ITAÚ UNIBANCO HOLDING S.A.** are invited by the Board of Directors to attend the Extraordinary and Annual Stockholders' Meetings that will be held on April 26, 2010, in the auditorium of the head office, at Praça Alfredo Egydio de Souza Aranha, 100, Torre Olavo Setubal, 9<sup>th</sup> floor, in São Paulo (SP), for the following purposes:

**I - At the Extraordinary Stockholders' Meeting to be held at 3:00 p.m.:**

Consider the proposal from the Board of Directors, for amending and consolidating the Stock Option Plan (Plan) in order to, among other adjustments, (i) allow employees of the Company and its controlled companies to receive stock options regularly, (ii) allow the Committee that manages the Plan to set out additional rules, (iii) expand the mechanism that enables the granting of options which strike price is paid through the meeting of the obligation that the beneficiary invest in the Company's shares; (iv) make flexible the counting of terms and increase the vesting period of options series to a maximum of 7 years, and (v) allow the granting of options with different blackout periods after the options exercise.

**II - At the Annual Stockholders' Meeting to be held at 3:20 p.m.:**

1. Take notice of the Management Report, the Opinion of the Fiscal Council, the Report of the Independent Auditors, and the Summary of the Audit Committee Report, and examine, for resolution, the Financial Statements for the year ended December 31, 2009;
2. Resolve the assignment of the net income for the year;
3. Elect members to the Board of Directors and the Fiscal Council with the following annual mandate; taking into consideration the provisions of CVM Instructions Nos. 165/91 and 282/98, which determines that in order to request the adoption of multiple vote in the election of members to the Board of Directors, the applicants shall represent at least 5% of voting capital; and
4. Resolve the amount for compensation of the members of the Board of Directors and Board of Officers, as well as for the compensation of the members of the Fiscal Council.

**III - At the Extraordinary Stockholders' Meeting to be held at 3:40 p.m.:**

Consider the proposal from the Board of Directors, for the following purposes:

1. Amend the bylaws in order to (i) in relation to the members of the Audit Committee, require knowledge of accounting and audit only from the audit expert, setting out conditions for the establishment of a multidisciplinary Audit Committee, (ii) allow the members of the Audit Committee who are also members of the Board of Directors to opt for the compensation of

Itaú Unibanco Holding S.A.

A Publicly Held Company

one of the positions, (iii) standardize the term "financial statements", and (iv) expressly allow that the Company be represented by two attorneys in fact ; and

2. Consolidate the bylaws, with the amendments mentioned in the items above.

The documents to be considered at the meetings are available to stockholders on the Company's investor relations website ([www.itaunibanco.com.br/ri](http://www.itaunibanco.com.br/ri)), as well as on the websites of CVM ([www.cvm.gov.br](http://www.cvm.gov.br)) and BM&FBOVESPA ([www.bmfbovespa.com.br](http://www.bmfbovespa.com.br)). Stockholders can also request a copy of such documents through the e-mail [relacoes.investidores@itaunibanco.com.br](mailto:relacoes.investidores@itaunibanco.com.br).

In order to exercise their rights, Stockholders shall attend the stockholders' meetings with their carrying their identification cards.

Stockholders may be represented at the stockholders' meetings by proxy, according to the provisions of Article 126 of Law 6,404/76, provided that the proxy attend them carrying her/his identification card, and the following documents confirming the validity of the proxy (for documents prepared abroad, the respective consularized and notarized translation):

a) Legal entities – notarized copy of the bylaws of the legal entity it represents, evidence of the election of management members and the respective notarized proxy with notarized signature.

b) Individuals – the corresponding proxy with notarized signature.

In order to facilitate the works at the stockholders' meetings, the Company suggests that the Stockholders represented by attorneys-in-fact send a copy of the above listed documents at least 48 hours prior to the meeting.

São Paulo, April 8, 2010.  
BOARD OF DIRECTORS  
PEDRO MOREIRA SALLES  
*Chairman*

ALFREDO EGYDIO SETUBAL  
*Investor Relations Officer*

Itaú Unibanco Holding S.A.

A Publicly Held Company

**5. Extraordinary Stockholders' Meeting to be held at 3:00 p.m. – matters to be resolved**

**a. Amendment and consolidation of the wording of the Stock Option Plan.**

The Company implemented in 1995 the Stock Option Plan (Plan) with the objective of integrating the executives into the process of the institution's development in the medium and long-terms, offering them the opportunity to take part in the appreciation that their work and dedication brings to the stocks of the Company.

The Company expects to amend the Plan in order to adjust it to the new reality of Itaú Unibanco and its subsidiaries. In compliance with CVM Instruction No. 481/2009, the purposes of such changes are detailed below.

**1. Copy of the proposed plan**

The project to amend the Plan (comparison between the current and the proposed Plan) is in Attachment II.

**2. Main characteristics of the proposed plan**

**a. *Potential beneficiaries***

According to the provisions of the current Plan, the Company may grant stock options to its officers and members of Board of Directors, and on extraordinary basis to the management members of its controlled companies or to eligible employees of the Company and its controlled companies.

The proposed amendments have the intention of including the employees of the Company and the employees and management members of its controlled companies as beneficiaries of the Plan ("Beneficiaries"). With this change, the target of the Plan is expected to increase, especially considering that employees with managerial function or equivalent or employees whose activities impact on risk exposure may receive a portion of their compensation in stock options.

**b. *Maximum number of options to be granted***

There is no proposal for change that affects this item.

The Plan sets out that the total number of options to be granted in each year shall not exceed the limit of 0.5% of total shares of the Company that the majority and minority stockholders hold at the base date of the year-end balance sheet, taking into consideration that in the event that in a certain year the number of granted options is inferior to the limit of 0.5% of total shares, the difference may be added in any of each seven subsequent years.

In addition, the committee appointed by the Board of Directors of the Company, which is responsible for defining operational rules and procedures related to the Plan ("Committee"), shall establish the total number of options to be granted in relation to each year, being able to segment the total lot in series and define the characteristics of each serie.

**c. *Maximum number of shares of the plan***

There is no proposal for change that affects this item.

Itaú Unibanco Holding S.A.

A Publicly Held Company

The Plan sets out that the number of options to be granted is subject to the limits imposed by the Plan (see item "b" above). In addition, the shares purchased by Beneficiaries through the exercise of options may be subject to restrictions related to their sale (holding period).

*d. Conditions for purchase*

There is no proposal for change that affects this item.

The Plan sets out that shares are purchased within the exercise period, as long as the vesting period is terminated (see subitem "f" of this section), upon the payment of the strike price (see subitems "e" and "g" of this section). In addition, options are cancelled in certain situations, even prior to the vesting period be ended (see subitem "f" of this section), such as termination of relationship (statutory or employment) between the Beneficiary and the Company or its controlled companies.

*e. Criteria for setting the strike price*

As in the current situation, the strike price will be set by the Committee when the option is granted and may be based on certain parameters.

*f. Criteria for defining the exercise period*

The vesting period of each series of the current Plan is defined by the Committee at the time of issuance, which can vary between AE +1 year and AE + 5 years, taking into consideration that AE is the calendar year of the issuance, so that the vesting period always ends on the last day of the last calendar year of this period.

The proposal for amendment of the Plan sets out the extension of the maximum vesting period, which will be seven years, in order to increase the total period of the program. In addition, a proposal on vesting period will be put forward for counting it from the option granting date, so that it does not necessarily end on the last business day of the calendar year of the established period. With this proposal, the Company aims at simplifying the mechanism for granting stock options.

The following events may cause the extinction of the vesting period:

- (i) death of the owner of the options;
- (ii) termination of relationship between the management member and the Company or its controlled companies because she/he was not reelected or between employee and the Company or its controlled companies after completing 55 (fifty five) years of age; or
- (iii) officer that is not reelected to his/her position, but is elected or reelected to the Board of Directors of the Company and/or controlled companies, regarding options already granted but not yet exercised.

Itaú Unibanco Holding S.A.

A Publicly Held Company

The Stockholder's Meeting will analyse an amendment to the Plan in order to include a provision allowing the Committee, if it deems convenient, to determine that the vesting period shall not be extinguished on the cases mentioned in item (ii) above.

As already set out in the current Plan, the stock options can only be exercised after the vesting period and not during the blackout periods established by the Committee.

*g. Type of option settlement*

There is no proposal for change that affects this item. There are two types of strike price settlement:

In case of simple options: at the time that an option is exercised, the Beneficiary must pay to the Issuer the exercise price, in cash, within three business days; and

In case of bonus options: confirmation of the performance of positive covenants mentioned in item "e".

*h. Criteria and events that, when verified, will cause the suspension, change or termination of the plan*

Currently, the Committee may suspend the exercise of options to organize subscription works. One of the amendments proposed in this document aims at establishing the suspension of the Plan under justifiable circumstances, such as large market instability or legal regulatory restrictions.

In addition, the Plan may only be amended or terminated upon proposal from the Committee, after approval at the Stockholders' Meeting.

**3. Justification of the proposed plan**

*a. Main objectives of the plan*

The Plan has the main objective of attracting, motivating and integrating the executives and employees in the process of developing the institution in the medium and long-terms, offering them the opportunity to take part in the appreciation that their work and dedication bring to the stocks of the Company.

*b. How the plan contributes to these objectives*

Taking into consideration that a portion of the variable compensation of Beneficiaries is through stock options, the Beneficiaries are encouraged to contribute to the good performance of the Company. With this, the institution attains the objective mentioned in the item above and the Beneficiaries take part in the appreciation of shares comprising the capital of the Company.

As already mentioned, the proposed amendments have the intention of including the employees of the Company and the employees and management members of the controlled companies as beneficiaries of the Plan ("Beneficiaries").

*c. How the plan becomes part of the Company's compensation policy*

The Plan is in compliance with the principles of the Company's compensation policy, taking into consideration that (i) a portion of the variable compensation of its Beneficiaries is through the stock option; (ii) is an instrument for giving incentive to individual development and commitment; and (iii) is a instrument for retaining Beneficiaries (the benefit from the exercise of options is in the long

Itaú Unibanco Holding S.A.

A Publicly Held Company

term).

*d. How the plan is aligned with short-, medium- and long-term interests of beneficiaries and the Company*

The Plan is aligned with the interests of the Company and of its Beneficiaries, since (i) it stimulates high level executives and key-employees to remain in the Company; (ii) it stimulates the individual performance and commitment of Beneficiaries through the results of the institution; and (iii) provides the opportunity to Beneficiaries to become stockholders of the Company, under the terms and conditions established in the Plan.

**4. Estimates of Company expenses arising from the plan, according to the accounting rules in this regard**

The Company estimates that the grants performed during the fiscal year 2010 shall represent an expense, in 2010, of R\$ 68 million at most. Should there be no amendments in the provisions of the plan, such expense would not exceed R\$ 20 million.

**6. Annual Stockholders' Meeting to be held at 3:20 p.m. – matters to be resolved**

**Annual Stockholders' Meeting – matters to be resolved**

- a. Balance Sheets, other Financial Statements and accompanying Explanatory Notes to the Financial Statements, related to the fiscal year ended December 31, 2009.

The complete financial statements of the Company and controlled companies were audited by independent auditors who issued audit reports without qualification.

The Audit Committee analyzed the procedures involved in the preparation of individual and consolidated trial balances and balance sheets, the explanatory notes to the financial statements and financial reports published together with the consolidated financial statements, as well as it consulted PricewaterhouseCoopers and the Company's executives in this regard. It also assessed the relevant accounting practices used by Itaú Unibanco Conglomerate in the preparation of its financial statements, concluding that they are aligned with generally accepted accounting principles, the Brazilian corporate Law and the requirements of the National Monetary Council, the Brazilian Securities and Exchange Commission, the Central Bank of Brazil, the National Council of Private Insurance and the Superintendence of Private Insurance, recommending to the Board of Directors the approval of the audited financial statements of the Company.

The Fiscal Council verified the accuracy of all items examined, and understood that they adequately reflect the capital structure, financial position and the activities of the Company conducted during the period.

On February 8, 2010, after analyzing and discussing the financial statements for 2009 and the management's discussion and analysis report, as well as the respective opinions of PricewaterhouseCoopers Auditores Independentes, the Board of Officers resolved, in compliance with the provisions of items V and VI of article 25 of CVM Instruction No. 480/09, (i) declare that they reviewed, discussed and agree with the opinions expressed in the reports issued by PricewaterhouseCoopers Auditores Independentes and (ii) declare that they reviewed, discussed

Itaú Unibanco Holding S.A.

A Publicly Held Company

and agree with the financial statements and the management's discussion and analysis report for the year ended December 31, 2009.

After analyzing the appropriate documentation, the Board of Directors concluded that all examined documents were accurate, unanimously approving them on February 8, 2010.

All of the mentioned documents, together with the Report of Independent Auditors, the Opinion of the Fiscal Council and the Summary of the Audit Committee Report, were sent to the regulatory bodies and posted on the Investor Relations website ([www.itaunibanco.com.br/ri](http://www.itaunibanco.com.br/ri)) on February 9, 2010, and also published in the Official Gazette (*Diário Oficial*) of the State of São Paulo and the newspaper Valor Econômico on March 12, 2010.

**b. Assingment of Net Income for 2009.**

We propose that the net income for the year reported in the financial statements at December 31, 2009, in the amount of R\$ 7,706,906,786.53, added to R\$ 1,642,069,000.00 related to the realization of realizable profit reserve set up on December 31, 2008, is allocated as follows: (a) R\$ 385,345,339.33 to the Legal Reserve; (b) R\$ 4,986,193,632.73 to statutory reserve, of which R\$ 1,325,360,862.84 to the Reserve for Dividend Equalization, R\$ 1,464,333,107.76 to the Reserve for Working Capital and R\$ 2,196,499,622.13 to the Reserve for Capital Increase in Investees; and (c) R\$ 3,977,436,814.47 to the payment of dividends and interest on stockholders' equity, included in the mandatory dividend amount, pursuant to Article 9, of Law No. 9,249/95.

We inform that all presented information, except when otherwise indicated, refers to individual data of Itaú Unibanco Holding S.A.

We also point out that the amounts mentioned in item (c) have already been declared by the Board of Directors and paid to stockholders.

We made monthly dividend payment, based on the stockholding position on the last day of the prior month, on the first business day of the subsequent month, as well as additional payments (semi-annually), for which the Board of Directors defines the base date for the stockholding position and payment date. Regarding the semi-annual payments, management verifies the existing earnings, defines the amount of mandatory dividends that should be distributed, calculates the monthly amount already declared, and, finally, estimates the balance payable of mandatory minimum dividend. Such amount is declared as "complementary" dividend in addition to those dividends paid monthly. By resolution of the Board of Directors, interest on stockholders' equity can be paid, being understood that such interest on stockholders' equity (paid or provided for) composes the amount of mandatory dividend, as provided for in Article 9, paragraph 7 of Law No. 9,249/95.

For further information, see the following Items, which were prepared in compliance with the requirements of Attachment 9-1-II of CVM Instruction No. 481/09.

**1. Net income for the year**

R\$ 7,706,906,786.53. In addition to earnings for the year, there was the realization of R\$ 1,642,069,000.00 related to realizable profit reserve set up on December 31, 2008.

**2. Total and per share dividend amount, including dividend advances and interest on capital already declared**

Itaú Unibanco Holding S.A.

A Publicly Held Company

The total amount distributed as dividend advances and interest on capital was R\$ 3,977,436,814.47 (gross), of which R\$ 3,472,459,427.52 is net of taxes. Such amount corresponds to the percentage of net income indicated in item 3, paid as advance on mandatory minimum dividend. Therefore, a proposal will be submitted to the Stockholders' Meeting for ratification of declarations and distributions already made, and no new declaration will be proposed.

Net amount per share: R\$ 0.7917.

**3. *Percentage of distributed net income for the year***

The net amount distributed as dividends and interest on capital corresponds to 45.1% of net income for the year and 47.4% of adjusted net income for the amount allocated to legal reserve.

**4. *Total and per share distributed dividend based on the net income for prior years***

None

**5. *Gross amount of dividend and interest on capital, separately, per share type and class, deducted of advance dividends and interest on capital already declared***

No proposal will be submitted to the stockholders' meeting for declaration of dividends or interest on capital additional to those already declared.

**b. *Payment method and term of dividend and interest on capital, deducted of advance dividends and interest on capital already declared***

As mentioned in subitem "a" of this item, the mandatory dividend for 2009 has already been entirely declared by the Board of Directors and paid to stockholders. The payment dates are mentioned in item 6 of this document. Stockholders may receive the amounts payable to them as follows:

- Stockholders that hold American Depositary Shares (ADS):

The payment will be made directly to the depository bank abroad (Bank of New York Mellon) which will be responsible for transferring them to stockholders.

- Stockholders who hold current accounts with Unibanco or Itaú, registered:

The payment will be made through direct credit to the respective current accounts.

- Stockholders who hold current accounts with other banks that have already informed about the bank/branch/current account:

The payment will be made through wire transfer (DOC or TED), according to the respective amounts.

- Stockholders which shares are deposited in fiduciary custodies of BM&FBOVESPA.

The payment will be made directly to BM&FBOVESPA, which will be responsible for transferring them to stockholders, through the depositor Brokerage Firms.

- Stockholders who hold bearer shares not yet converted to the book-entry system:

The payment will be made after the delivery of the respective certificates for mandatory conversion.

Itaú Unibanco Holding S.A.

A Publicly Held Company

No proposal will be submitted to the stockholders' meeting for declaration of dividends or interest on capital additional to those already declared. For dates of payments already made, see table in item 6 of this document.

**c. Eventual update and interest on dividends and interest on capital**

None.

**d. Date of declaration of dividend and interest on capital payment considered for identification of stockholders who will be entitled to them**

See subitem "a" of this item.

**6. Amount of dividends and interest on capital already declared and date of respective payments**

Base Period	Type of Payment	Stockholding Position	Date of Payment	Amount per Share

\*IOC: Interest on Capital

**7. Provide a comparative table indicating the following per share amounts by type and class:**

**a. Net income for the year and the prior 3 (three) years**

	R\$		
	2009	2008	2007
Net income	7,706,906,786.53	20,217,096,583.32	7,865,776,304.73
Net income per share	1.71	6.40	3.28
Net income per share – adjusted by the effect of bonuses	1.71	5.82	2.38

For calculating the net income per share, the net income is divided by the number of shares outstanding at the closing date of the year.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**b. Dividend and interest on capital distributed in the prior 3 (three) years**

	<i>R\$</i>		
	<b>2009</b>	<b>2008</b>	<b>2007</b>
Common Shares	0.7917	0.7954	0.7719
Non-voting Shares	0.7917	0.7954	0.7719

For calculation of dividend/interest on capital per share, the dividend/interest on capital is divided by the number of shares outstanding at the closing date of the year.

**8. Allocation of earnings to the legal reserve****a. Amount allocated to the legal reserve**

R\$ 385,345,339.33.

**b. Detail the calculation method of the legal reserve**

Pursuant to article 193 of Law No. 6,404/76, as amended, and article 12.1 of our Bylaws, five per cent (5%) were allocated for setting up the Legal Reserve, which shall not exceed twenty per cent (20%) of total capital.

**9. Preferred shares entitled to fixed or minimum dividends****a. Calculation method of fixed or minimum dividends**

Annual minimum dividend of R\$ 0.022 per share, adjusted in case of split or reverse split of shares.

**b. Sufficiency of earnings for the year for the full payment of fixed or minimum dividends**

The earnings for the year were sufficient for the full payment of fixed or minimum dividends.

**c. Accumulation of possible unpaid portion**

Minimum dividend is not cumulative.

**d. Total amount of fixed or minimum dividends paid to each class of preferred shares**

We do not have different classes of preferred shares. The total amount of minimum dividends statutorily established to our preferred shares would be R\$ 49,237,351.61.

**e. Fixed or minimum dividends paid per preferred share of each class**

We do not have different classes of preferred shares.

**10. Mandatory dividend****a. Calculation method stipulated in the bylaws**

Itaú Unibanco Holding S.A.

A Publicly Held Company

Stockholders are entitled to receive as mandatory dividend, in each year, the minimum amount of twenty five per cent (25%) of net income computed in the same year, adjusted by the addition or deduction of the amounts specified in letters "a" and "b" of item I of article 202 of Law No. 6,404/76 and in compliance with items II and III of the same legal provision.

**b. Payment**

The mandatory dividend was fully paid, pursuant to item 6 above.

**c. Possibly retained amount**

No amount was retained.

**11. Retention of mandatory dividend due to the financial condition of the company**

No mandatory dividend was retained.

**12. Allocation of earnings for reserve for contingencies**

No allocation of earnings to reserve for contingencies was made.

**13. Allocation of earnings to realizable profit reserve**

No allocation of earnings to realizable profit reserve was made.

**14. Amount allocated to statutory reserves**

**a. Statutory clauses that set forth the reserve**

According to the proposal of the Board of Directors, the General Meeting may decide on the constitution of the following reserves: I – Reserve for Dividend Equalization; II – Reserve for Working Capital; III - Reserve for Capital Increase in Investees.

The Reserve for Dividend Equalization will be limited to 40% of the value of the capital stock and its purpose will be the payment of dividends, including interest on capital, or interim payments of the same, with the objective of maintaining a remuneration flow to stockholders, and made up with funds from: a) the equivalent of 50% of the fiscal year's net profit, restated according to article 202 of Law 6,404/76; b) equivalent to 100% of the paid-up portion of the Revaluation Reserves, recorded as retained earnings; c) equivalent to 100% of the restated amounts for previous fiscal years, recorded as retained earnings; d) originating from the credits corresponding to interim dividend payments.

Reserve for Working Capital will be limited to 30% of the value of capital stock and its purpose will be to guarantee the financial backing for corporate operations, comprising funds equivalent to a maximum of 20% of the fiscal year's net profit, restated according to Article 202 of Law 6,404/76.

Reserve for Capital Increase in Investees will be limited to 30% of the value of capital stock and its purpose is to guarantee the preemptive rights in capital increases of such companies, being made up of funds equivalent to up to 50% of the fiscal year's net earnings, adjusted according to Article 202 of Law 6,404/76.

From time to time when proposed by the Board of Directors, portions of this reserve will

Itaú Unibanco Holding S.A.

A Publicly Held Company

be capitalized to ensure that the respective outstanding balance does not exceed the limit of 95% (ninety-five percent) of the capital stock. The outstanding balance of these reserves, plus the Legal Reserve, may not exceed the capital stock.

**b. Amount allocated to the statutory reserves**

R\$ 1,325,360,862.84 to the Reserve for Dividend Equalization, R\$ 1,464,333,107.76 to the Reserve for Working Capital and R\$ 2,196,499,662.13 to the Reserve for Capital Increase in Investees.

**c. Calculation method of the amount allocated to the reserve**

The calculation method follows the guidelines of the Bylaws, allocating up to 50% of net income to the reserve for dividend equalization, up to 20% to the reserve for working capital and up to 50% to the reserve for capital increase in investees.

**15. Retention of earnings stipulated in capital budget**

No retention of earnings was made.

**16. Allocation of earnings to the reserve for tax incentives**

No allocation of earnings to the reserve for tax incentives was made.

**c. Election of members to the Board of Directors.**

According to the Company's Bylaws, the Board of Directors shall be composed of a minimum of ten (10) and a maximum of fourteen (14) members, elected at Stockholders' Meeting, and one (1) Chairman and from one (1) to three (3) Vice-Chairmen chosen by the members among themselves. The mandate of each member is one year, reelection being permitted.

According to CVM Instruction Nos. 165/91 and 282/98, the request of the adoption of multiple voting for election of members to the Board of Directors of the Company, the applicant Stockholders shall represent at least 5% of voting capital.

Proposal for the reelection of the current thirteen members: messrs. Pedro Moreira Salles, Alfredo Egydio Arruda Villela Filho, Roberto Egydio Setubal, Alcides Lopes Tapias, Alfredo Egydio Setubal, Candido Botelho Bracher, Fernando Roberto Moreira Salles, Francisco Eduardo de Almeida Pinto, Gustavo Jorge Laboissiere Loyola, Henri Penchas, Israel Vainboim, Pedro Luiz Bodin de Moraes and Ricardo Villela Marino.

Pursuant to article 10 of CVM Instruction No. 481/09 and items 12.6 to 12.10 of the Reference Form of the CVM Instruction No. 480/09, further details on such members may be found in Attachment III to this report.

The full content of the Internal Charter of the Board of Directors is posted on the Investor Relations website ([www.itaunibanco.com.br/ri](http://www.itaunibanco.com.br/ri)), in the section Corporate Governance >> Rules and Policies.

**d. Election of members to the Fiscal Council.**

According to the Company's Bylaws, a Fiscal Council shall work on a non-permanent basis, comprise 3 (three) to 5 (five) effective members and an equal number of alternates. The election of members to Fiscal

Itaú Unibanco Holding S.A.

A Publicly Held Company

Council, the installation and work of such body shall meet the provisions of Articles 161 to 165 of the Brazilian corporate Law.

In view of the provisions of CVM Instruction No. 324/00, that establishes a reduced amount, based on capital stock, of minimum percentages of stockholding interest required for requesting the installation of a Fiscal Council of a publicly-held company, set out in Article 161, paragraph 2 of the Brazilian corporate Law, the Fiscal Council, when its work is on a non-permanent basis, can be installed at the Stockholders' Meeting at the request of Stockholders representing at least two percent (2%) of the shares with voting rights, or one percent (1%) of shares without voting rights.

The proposal for installation of the Fiscal Council is on a non-permanent basis and with the reelection of the members indicated below to such Council:

Effective members:	Respective alternates:
➤ Iran Siqueira Lima	➤ José Marcos Konder Comparato
➤ Alberto Sozin Furuguem	➤ João Costa

The effective and respective alternate members, indicated above, have the supporting documents to meet the conditions on eligibility provided for Article 162 of the Brazilian Corporate Law and CMN Resolution No. 3,041/02, and shall present them at the Stockholders' Meeting of the Company.

It is incumbent upon the preferred stockholders to appoint other member, as well as her/his respective alternate.

The full content of the Rules of the Fiscal Council is posted on the Investor Relations website ([www.itaú-unibanco.com.br/ri](http://www.itaú-unibanco.com.br/ri)), in the section Corporate Governance >> Rules and Policies.

In compliance with Article 10 of CVM Instruction No. 481/09, the information on the appointed candidates or supported by the management of controlling stockholders are presented in Attachment III.

**e.** Definition of the budget for compensation of the members of the Board of Officers and Board of Directors, and the compensation of the members of the Fiscal Council

For 2010, the proposal at the Stockholders' Meeting is for the approval of the aggregate amount of R\$ 10,000,000.00 (ten million reais) to the members of the Board of Directors and R\$ 105,000,000.00 (one hundred and five million reais) to members of the Board of Officers. The Board of Directors shall assign these amounts among the members of such bodies, according to the compensation policy of the Issuer.

Regarding the members of the Fiscal Council, the proposal at the Stockholders' Meeting is for the approval of the monthly individual compensation of R\$ 12, Thousand to effective members and R\$ 5 Thousand to deputy members.

In compliance with the CVM Instruction No. 480/2009 (item 13 Reference Form), please find below details about the management compensation regarding the years 2009 and 2010.

### 13. MANAGEMENT COMPENSATION

**13.1 Describe the policy or practice for the compensation of the board of directors, statutory and non- board of statutory officers, fiscal council, statutory committees and audit, risk, financial and compensation committees, addressing the following aspects:**

In 2009, in view of the merger between Itaú and Unibanco Conglomerates in November 2008, studies for the unification of the compensation policies adopted by both organizations were conducted, with

Itaú Unibanco Holding S.A.

A Publicly Held Company

the purpose of taking advantage of the best practices adopted to that time. The information below reflects such studies, although they may be more detailed in 2010.

It is important to emphasize that the Issuer does not have non-statutory directors.

*a. Objectives of the compensation policy or practice*

The objective of the Issuer's compensation policy is to attract, reward, retain and stimulate the management in the conduction of the Issuer's business, enabling the Issuer to achieve sustainable results. The Issuer thus believes that said policy strengthens and creates better conditions for the development of the company, as well as for its management and employees, always in line with the stockholders' interests.

At the time the Issuers' compensation policy is established, values aligned with those adopted by the market and with the Company's strategy, as well as the effective risk management over the time are taken in consideration. The governance structure of compensation comprises clear and transparent processes.

In order to achieve the objectives mentioned above, the Issuer created a body named Personnel Committee, subordinated to the Board of Directors, which main responsibilities are: (i) to propose the compensation principles and models of the Issuer, guiding and inspiring the behavior in the organization; (ii) to propose the total compensation limits for management and other employees of the Issuer; (iii) to propose a compensation package for the Chief Executive Officer to be approved by the Board of Directors; (iv) to evaluate and approve compensation packages, proposed by the Chief Executive Officer, Executive Vice-Presidents and Executive Directors of the Issuer, including fixed and variable fees, benefits and long-term incentives (v) to approve the granting of stock options of the Issuer (making institutional decisions within the scope of stock option plans sponsored by the Issuer); and (vi) to ensure that the Board of Directors is informed on any material fact related to compensation in all salary levels of the companies which are part of Itaú Unibanco Conglomerate.

In addition to the Personnel Committee, the Appointments and Corporate Governance Committee was established, which also reports to the Board of Directors and whose main responsibility is to monitor the Issuer's governance, especially regarding topics related to the Board of Directors. Accordingly, the Appointments and Governance Committee is responsible for the process for assessing the performance of the Board of Directors, and it should (i) recommend processes for assessment of the Board of the Directors, the members and Chairman of the Board, Committees and Chief Executive Officer; and (ii) to provide methodological and procedural support to the assessment of the Board of Directors, the members and Chairman of the Board, Committees and Chief Executive Officer. It is also incumbent upon said Committee to propose the division, among the members of the Board of Directors, of the aggregate fixed compensation established by the Annual Stockholders Meeting.

Regarding the benefit policy, noteworthy are the benefits focused on health (health and dental care plan) and private pension plan.

*b. Compensation composition, indicating:*

*i. Description of the compensation elements and the objectives of each one of them*

**Board of Directors**

The annual compensation of the members of the Board of Directors of the Issuer is composed of (i) monthly fixed fees; (ii) long-term variable compensation (stock option plan); and (iii) benefit plan. The maximum compensation amounts are defined at the Annual Stockholders' Meeting and based on the limits imposed by the Stock Option Plan, taking into consideration that the division of the amounts among the

Itaú Unibanco Holding S.A.

A Publicly Held Company

members is carried out according to the proposal of the Appointments and Corporate Governance Committee, subject to the approval of the Board of Directors.

The Issuer favors the long-term variable compensation, which corresponds to a significant portion of the total compensation paid to the members of the Board of Directors. In this sense, the stock option plan, in addition to attracting, motivating and integrating the management in the process of developing the institution in the medium and long-terms, offers them the opportunity to take part in the appreciation that their work and dedication brought to the stocks of the Issuer. Additionally, said plan aligns the interests of the management with those of the Issuer's stockholders, as the same risks and earnings provided by the appreciation of its stocks are shared.

In the event the member of the Board of Directors of the issuer is also part of the Board of Officers of the Issuer or of its controlled companies, her/his compensation will be subject to the policy of the area in which she/he is a director.

#### **Board of Officers**

The annual compensation of the members of the Board of Officers is composed of (i) monthly fixed fees; (ii) short-term variable compensation (bonus, on an annual basis); and (iii) long-term variable compensation (stock option plan); and (iv) benefit plan. The maximum compensation amounts are defined at the Annual Stockholders' Meeting, based on the limits imposed by Article 152 of Law No. 6,404/76 and by the Stock Option Plan.

The Issuer favors the short and long-term variable compensation, which correspond to the biggest portion of total compensation paid to the members of the Board of Officers. The periodicity of bonus is annual (with a semi-annual advance) and its purpose is the reward the contribution of each director for the result achieved by the Issuer in a certain year.

The main purpose of the stock option plan of the Issuer is to attract, motivate and integrate the executives and employees in the process of developing the institution in the medium and long-terms, offering them the opportunity to take part in the appreciation that their work and dedication brought to the stocks of the Issuer. Additionally, said plan aligns the interests of the management with those of the Issuer's stockholders, as the same risks and earnings provided by the appreciation of its stocks are shared.

#### **Fiscal Council**

The total annual compensation of the members of the Fiscal Council is established at the annual stockholders' meeting, subject to the approval of the Board of Directors. Pursuant to the legislation, such compensation cannot be lower, for each acting member, to 10% of the fixed compensation assigned to each director (i.e., not including benefits, representation allowances and bonus assigned to directors). Thus, the members of the Fiscal Council receive only a monthly fixed compensation and they are not eligible for the benefit policy.

#### **Audit Committee**

The compensation of the members of the Audit Committee of the Issuer is composed of (i) monthly fixed fees; and (ii) benefit plan.

For the members of the Audit Committee who are also part of the Board of Directors of the Issuer, the compensation policy of the Board of Directors is applied.

#### **Committees**

Itaú Unibanco Holding S.A.

A Publicly Held Company

The members of the other statutory or non-statutory committees of the Issuer are compensated according to their duties in the executive bodies or areas in which they work, and they do not receive a specific compensation for belonging to said committees.

*ii. The proportion of each element in total compensation*

For the Board of Directors of the Issuer, the fixed, long-term variable compensation and benefits in 2009 corresponded to 48%, 50% and 2%, respectively, of total compensation.

For the Board of Officers of the Issuer, the fixed, short and long-term variable compensation and benefits in 2009 corresponded to 8%, 60%, 28% and 4% respectively, of total compensation.

For the Audit Committee of the Issuer, the fixed compensation and benefits in 2009 corresponded to 97% and 3%, respectively, of total compensation.

Regarding the Fiscal Council, the fixed compensation of its members corresponds to 100% of total compensation.

It should be noted that the elements of total compensation varies according to the difference of behavior of each portion of compensation: On the one hand, the stability of fixed compensation and benefits, and on the other hand, the variable compensation which is influenced by the individual performance, Issuer's result and appreciation of shares.

*iii. Calculation and adjustment methodology for each of the compensation elements*

**Monthly fixed fees**

Monthly fixed fees are agreed with management and are based on internal equality, providing mobility of management across the several businesses of the Issuer.

**Short-term variable compensation (annual bonus)**

Short-term variable compensation (annual bonus) takes into consideration the influence of two factors on the target annual compensation: (a) the Issuer's results of operations; and (b) management member performance.

**Long-term variable compensation (stock option plan of the Issuer)**

Long-term variable compensation (stock option plan of the Issuer) takes into consideration the duty performed by the management member and, for officers, the amount received as short-term variable compensation.

**Benefit plan**

Benefit plan is compatible with the market practices, taking into consideration that the main benefits are health care and private pension plans.

*iv. Reasons that justify the elements of compensation*

The Issuer favors variable compensation in short and long terms, which correspond to the largest portion of the total compensation paid to management. Such practice aims at aligning the risk management

Itaú Unibanco Holding S.A.

A Publicly Held Company

in the short, medium and long terms, in addition to providing benefits to management in the same proportion that their performance benefits the Issuer and its stockholders.

*c. Main performance indicators that are taken into consideration in determining each compensation element*

The short and long term variable compensation (bonus and stock option plan of the Issuer) represents a significant portion of total compensation received by management and is greatly impacted by performance indicators. The first performance indicator to be taken into consideration when setting the amount of such portions is the Issuer's earnings. Then, for officers, the individual performance is assessed taking into consideration financial, process, client satisfaction and people management indicators, in addition to indicators for cross-goals in relation to the other areas of the Issuer.

Monthly fixed fees and benefit plan represent the smallest portion of total compensation received by management and are not impacted by performance indicators.

*d. How the compensation is structured to reflect the evolution of performance indicators*

As mentioned above, a significant portion of the total compensation of management is provided through variable compensation, which is considerably impacted by performance indicators. Therefore, the better the indicators, the higher the compensation and vice versa.

*e. How the compensation policy or practice is aligned with the company's short-, medium- and long-term interests*

As mentioned in item "c" above, the Issuer favors variable compensation in the short and long terms, which correspond to a significant portion of the total compensation paid to management. Such practice aims at aligning the risk management in the short, medium and long terms, in addition to providing benefits to management in the same proportion that their performance benefits the Issuer and its stockholders.

Taking into consideration that the compensation of management is impacted by the results of the Issuer, including the risks that it takes, we believe that the compensation policy causes the management interests to be aligned with those of the Company.

*f. Existence of compensation supported by direct or indirect subsidiaries or parent companies:*

The compensation of many members of the Board of Directors and Board of Officers is provided by controlled companies (see subitem 13.15), taking into consideration that the amounts indicated in item 13 already include the compensation paid by the Issuer and its subsidiaries, controlled or controlling companies.

*g. Existence of any compensation or benefit related to the occurrence of a certain corporate event, such as the disposal of the issuer's stockholding control*

Currently, there is not – neither is provided for in the Issuer's compensation policy - any compensation or benefit tied to the occurrence of a certain corporate event, such as the disposal of the issuer's stockholding control.

**13.2 With respect to the compensation of the board of directors, board of statutory officers, and fiscal council recognized in the income or loss for the past year and to that determined for the current year, please prepare a table containing:**

Itaú Unibanco Holding S.A.

A Publicly Held Company

In 2009, at annual stockholders' meeting, the aggregate compensation to be paid to the members of the Board of Directors was approved in the amount of R\$ 20 million, whereas the compensation to be paid to members of the Board of Officers was approved in the amount of R\$ 80 million. Regarding the Fiscal Council, the monthly individual compensation of R\$ 12 thousand was approved to the effective members and R\$ 5 thousand to deputy members. Of these amounts, the following were spent:

2009	R\$, except if otherwise indicated			
	Board of Directors	Board of Officers	Fiscal Council	Total
a body				
b number of members (people)	9.17	16.00	5.50	30.67
c compensation segregated into:				
i annual fixed compensation, segregated into:				
. salary or management fees	3,525,475	9,325,712	587,000	13,438,187
. direct and indirect benefits	163,455	5,005,836	N/A	5,169,291
. compensation for participating in committees	N/A	N/A	N/A	N/A
. other	N/A	N/A	N/A	N/A
ii variable compensation, segregated into:

. compensation for attending meetings	N/A	N/A	N/A	N/A
. commissions	N/A	N/A	N/A	N/A
. other	N/A	20,674,025	N/A	20,674,025
iii post-employment benefits:	N/A	N/A	N/A	N/A
iv benefits arising from the termination of mandate	N/A	559,670	N/A	559,670
v stock-based compensation	Following table	Following table	N/A	Following table
d amount, per body, of the compensation of the board of directors, Board of officers and fiscal council	3,688,930	35,565,244	587,000	
e amount of compensation of the board of directors, board of officers and fiscal council				39,841,174

## Note:

- There are five members that comprise the Board of Directors of the Issuer who are also members of its Board of Officers or of its controlled companies. In view of the executive duties performed by such members, their compensation is defined according to the provisions of the compensation policy adopted for officers. Accordingly, the amounts referring to the compensation of such members are fully included only in the table related to the compensation of the Issuer's Board of Officers. This note is also applicable to items 13.3, 13.5, 13.6, 13.7, 13.8, 13.10, 13.13 and 13.15.
- The number of members of each body corresponds to the annual average number of members of each body, according to the guideline set out in the Circular Letter/CVM/SEP/No. 03/2010. This note is also applicable to item 13.3.
- The amount mentioned in item "c, ii – other" corresponds to special fees and, added to the amount informed as bonuses (participação nos resultados) reported below, composes the short-term variable compensation paid by the Issuer. The criteria for payment those fees is the same adopted for the payment of short-term variable compensation, as detailed in item 13.1.

According to paragraph 1, of article 152 of Law No. 6,404/76, in 2009 the following bonus was allocated to the members of the Board of Directors and Board of Officers:

2009	R\$, except if otherwise indicated			
	Board of Directors	Board of Officers	Fiscal Council	Total
a body				
c compensation segregated into:				
ii variable compensation, segregated into:				
. bonus	N/A	55,419,281	N/A	55,419,281

Itaú Unibanco Holding S.A.

A Publicly Held Company

Finally, under the terms of the Stock Option Plan of the Issuer, find below the stock-based compensation, recognized by the Issuer in 2009, of the members of the Board of Directors and Board of Officers of the Issuer,:

R\$, except if otherwise indicated				
a body	Board of Directors	Board of Officers	Fiscal Council	Total
c compensation segregated into:				
v share-based payment	3,652,531	35,791,670	N/A	39,444,200

Note:

The calculation of the stock-based compensation was made in compliance with the accounting standards which address this matter - CPC 10. In the consolidated financial statements of the Issuer, this compensation is reported in Note 17 – Related Parties, item "b" Compensation of the Management's Key Personnel.

For 2010, the proposal at the Stockholders' Meeting is for the approval of the aggregate amount of R\$ 10,000,000.00 (ten million reais) to the members of the Board of Directors and R\$ 105,000,000.00 (one hundred and five million reais) to members of the Board of Officers. The Board of Directors shall assign these amounts among the members of such bodies, according to the compensation policy of the Issuer, estimating that the amount shall be paid at the proportions described in the table below. It should be noted that the proposed aggregate amounts include possible charges to be supported by the Issuer arising from the compensation to be paid, which are not included in the table below.

Regarding the members of the Fiscal Council, the proposal at the Stockholders' Meeting is for the approval of the monthly individual compensation of R\$ 12, Thousand to effective members and R\$ 5 Thousand to deputy members.

R\$, except if otherwise indicated				
a body	Board of Directors	Board of Officers	Fiscal Council	Total
b number of members (people)	8.00	17.00	6.00	31.00
c compensation segregated into:

e amount of compensation of the board of directors, statutory officers and fiscal council				96,563,000

In addition to the compensation established at the stockholders' meeting, the member of the Board of Directors and the Board of Officers shall receive (i) bonuses of the Company, which, under the provisions of paragraph 1, Article 152, of Law No. 6,404/76, is limited to the annual compensation of management or 10% of the Company's profits, whichever is lower; and (ii) stock-based compensation,

Itaú Unibanco Holding S.A.

A Publicly Held Company

under the provision of the Stock Option Plan of the Issuer. It should be noted that the total number of options to be granted in any given year shall not exceed the limit of 0.5% of total shares of the Issuer that the majority and minority stockholders hold at the base date of the year-end balance sheet, taking into consideration that in the event that in a certain year the number of granted options is below the limit of 0.5% of total shares, the amount short of this percentage may be added when options are granted in any of the seven (7) subsequent years.

**13.3 With respect to the variable compensation of the board of directors, board of statutory officers, and fiscal council for the last year and to that determined for the current year, please prepare a table containing**

2009		R\$, except if otherwise indicated

In relation to the bonus (participação nos lucros) for 2010, see further clarification in item 13.2.

**13.4 With respect to the plan on stock-based compensation for the board of directors and board of statutory officers in effect in the last year and determined for the current year, please describe:**

**a) General terms and conditions**

We have been one of the first Brazilian companies to compensate executives with stock options, a practice that we have been adopting since 1995. The current Stock Option Plan of the Issuer ("Plan") was approved at the Extraordinary Stockholders' Meeting held on November 1, 2002, being extended to the entire Itaú Unibanco Conglomerate, including the companies controlled by the Issuer.

According to the Plan's provisions, the Issuer may grant stock options to its directors and members of Board of Directors, and on extraordinary basis to the management of the controlled companies ("management") or to eligible employees and controlled companies ("employees") ("management and employees, collectively, "beneficiaries"). The rules and operational procedures of the Plan are established by a committee appointed by the Board of Directors of the Issuer ("Committee").

It should be noted that the Itaú and Unibanco conglomerates had programs for share-based payment before the merger on November 28, 2008. At the Extraordinary Stockholders' Meeting held on April 24, 2009, the mechanism for granting bonus options (see item "I" below), which already existed in the

Itaú Unibanco Holding S.A.

A Publicly Held Company

Stock Option Plan of Unibanco ("Unibanco Plan") was included in the Issuer's Plan. The mechanism for granting simple options in its turn remained unchanged.

Taking into consideration it is no longer possible to grant options under Unibanco Plan, all information disclosed on this item 13.4 refers only to the Plan provisions. However, it should be noted that, in relation to the options granted under Unibanco Plan, the provisions set out therein are applicable. Moreover, we point out that in the above-mentioned meeting it was approved the assumption of the rights and obligations of the Unibanco Plan by the Issuer. For such reason, the information disclosed in items 13.6, 13.7 and 13.8 refers to the total amount of options granted, including those originally granted under Unibanco Plan.

At the Extraordinary Stockholders' Meeting of the Issuer that will be held on April 26, 2010 ("Meeting"), small amendments to the Plan will be decided, as detailed in the items below. The Plan is available on CVM and Issuer's websites ([www.itaú-unibanco.com](http://www.itaú-unibanco.com)).

*b) Main objectives of the plan*

The Plan's main objective is to attract, motivate and integrate the executives and employees in the process of developing the institution in the medium and long-terms, offering them the opportunity to take part in the appreciation that their work and dedication bring to the stocks of the Issuer.

*c) How the plan contributes to these objectives*

Taking into consideration that a portion of the variable compensation of Beneficiaries is through stock options, the Beneficiaries are encouraged to contribute to the good performance of the Issuer. With this, the institution attains the objective defined in item "b" of this item, and Beneficiaries take part in the appreciation of shares comprising the capital of the Issuer.

One of the changes to the Plan that will be decided on the Meeting allows the employees of the Issuer and of the controlled companies to be included in the beneficiaries of the Plan. We point out that currently the employees of the Issuer and its controlled companies could only be benefited in extraordinary cases. Therefore, the target of the Plan is expected to increase, especially considering that employees with managerial function or equivalent or employees whose activities impact on risk exposure may receive a portion of their compensation in stock options.

*d) How the plan becomes part of the issuer's compensation policy*

The Plan is in compliance with the principles of the Issuer's compensation policy, taking into consideration that (i) a portion of the variable compensation of its Beneficiaries is through the stock option; (ii) it is an instrument that stimulates individual development and commitment; and (iii) it is an instrument for retaining Beneficiaries (the benefit from the exercise of options is in the long term).

*e) How the plan is aligned with short-, medium- and long-term interests of management and the issuer*

The Plan is aligned with the interests of the Company and of its Management, since (i) it stimulates high level executives to remain in the Company; (ii) it stimulates the individual performance and commitment of Beneficiaries through the results of the institution; and (iii) provides the opportunity to Beneficiaries to become stockholders of the Issuer, under the terms and conditions established in the Plan

*f) Maximum number of shares*

Itaú Unibanco Holding S.A.

A Publicly Held Company

The number of options to be granted is subject to the limits imposed by the Plan (see item "g" above). In addition, the shares purchased by Beneficiaries through the exercise of options may be subject to restrictions related to their sale (holding period).

*g) Maximum number of options to be granted*

The total number of options to be granted in each year shall not exceed the limit of zero point five per cent (0.5%) of total shares of the Issuer that the majority and minority stockholders hold at the base date of the year-end balance sheet, taking into consideration that in the event that in a certain year the number of granted options is inferior to the limit of zero point five per cent (0.5%) of total shares, the difference may be added in any of each seven (7) subsequent years.

In addition, the Committee shall establish the total number of options to be granted in relation to each year, being able to segment the total lot in series and define the characteristics of each series.

*h) Conditions for the purchase of shares*

The shares are purchased within the exercise period, as long as the vesting period is terminated (see subitem "j" below), upon the payment of the strike price (see subitem "i" below). In addition, options are cancelled in certain situations, even prior to the vesting period be ended (see subitem "n" below), such as termination of relationship (statutory or employment) between the Beneficiary and the Issuer or its controlled companies.

*i) Criteria for setting purchase or strike price*

The strike price shall be set by the Committee when the option is granted and may be based in one of the following parameters:

In case of simple options: to set the strike price of options, the Committee shall consider the average price of preferred shares of the Issuer at the trading sessions of BM&FBOVESPA S.A. Bolsa de Valores, Mercadorias e Futuros (Securities, Commodities and Futures Exchange) in the minimum period of one month and maximum of three months prior to the issuance date of the options, at the discretion of the Committee, and a positive or negative adjustment of up to 20%. The prices so established shall be adjusted up to the month prior to the option exercise by the IGP-M, or in its absence, by the index stipulated by the Committee, and they shall be paid in a term equal to that in effect for settlement of the transactions at BM&FBOVESPA S.A. Bolsa de Valores, Mercadorias e Futuros.

In case of bonus options: for those Beneficiaries who had, at the Committee's discretion and upon the use of performance and leadership assessment tools, outstanding performance and potential, the Committee may offer options which strike price is paid through the performance of a positive covenant, supported by the beneficiary's obligation to invest, in the Issuer's shares, 20% of the net bonus received in relation to prior year, and keep the ownership of these shares unchanged and without any type of liens from the option granting date until the option exercise date.

Also in the case of bonus options, amendments to the Plan will be proposed to be decided on the Meeting. Such amendments will allow that a portion or the full net amount of bonus of Beneficiaries may be invested. Thus the Issuer's objectives that the Beneficiaries contribute to the better performance of the Company are more attainable while they participate in the appreciation of the shares comprising the capital of the Issuer.

*j) Criteria for defining the exercise period*

Itaú Unibanco Holding S.A.

A Publicly Held Company

The options can only be exercised after the vesting period, other than the blackout periods established by the Committee.

The vesting period of each series shall be defined by the Committee at the time of granting, which can vary between YI +1 year and YI + 5 years, taking into consideration that YI is the calendar year of the granting, so that the vesting period always ends on the last day of the last calendar year of this period. The vesting period shall be terminated in the following events:

- (i) Death of the owner of options;
- (ii) Leave of Management Member because she/he was not reelected or, in the case of employees that leave the Company, after the age of 55 (fifty five) years; and
- (iii) Management Member not reinstated to the position of officer, but elected or reelected to the Board of Directors of the Issuer and/or controlled companies, regarding options already granted but not yet exercised.

The Stockholder's Meeting will analyse an amendment to the Plan in order to include a provision allowing the Committee, if it deems convenient, to determine that the vesting period shall not be extinguished on the cases mentioned in item (ii) above.

Another amendment to the Plan that will be submitted to the approval at the Stockholders' Meeting is the extension of the maximum vesting period, which will be seven years, in order to also extent the total period of the program. In addition, a proposal on vesting period will be put forward for counting it from the option granting date, so that it does not necessarily end on the last business day of the calendar year of the established period. With this proposal, the Company aims at simplifying the mechanism for granting stock options.

#### *k) Type of option settlement*

There are two types of option exercise price settlement:

In the case of simple options: at the time that an option is exercised, the Beneficiary must pay to the Issuer the exercise price, in cash, within three business days; and

In the case of bonus options: confirmation of the performance of positive covenants mentioned in subitem "e" of this item.

#### *l) Restriction on the transfer of shares*

After the exercise of options, the owner of shares can freely dispose of half of the shares she/he receives upon the exercise of options, the other half not being available for the period of two (2) years counted from the option exercise date. Such unavailability shall not be applied in case of receipt of shares upon exercise of option in the last six-months of the effective period and in the events mentioned in subitem "n" of this item.

In the Meeting the proposal for making the above rule more flexible will be put forward, establishing that the shares received by the Beneficiaries may be subject to additional restrictions, as may be resolved by the Committee. Thus the percentage of shares that shall remain unavailable, as well as the period of such unavailability may be defined by the Committee in view of the program applicable to each Beneficiary.

Itaú Unibanco Holding S.A.

A Publicly Held Company

*m) Criteria and events that, when verified, will cause the suspension, amendment or termination of the plan*

The Committee may suspend the exercise of options to organize subscription works. In addition, the Plan may only be amended or terminated upon proposal from the Committee, after approval at the Stockholders' Meeting.

One of the amendments proposed to this document aims at establishing the suspension of the Plan under justifiable circumstances, such as large market fluctuation or legal regulatory restrictions.

*n) Effects of the management member's leave from the issuer's bodies on their rights provided for in the plan on stock-based compensation*

The options of Management that resign or are dismissed from the Issuer and/or its controlled companies shall have their effective and vesting periods terminated.

In case the Management Member leaves because she/he was not reelected, the options owned by the beneficiary (i) can be exercised until the end of the effective period which was established by the Committee or until the end of a three (3) year period, counted from the non-reelection date, whichever expires first, and (ii) will have their vesting periods terminated. In addition, the unavailability of half of shares, as established in the Plan, will not be applied in relation to the shares subscribed by such Management Member and the shares encumbered with unavailability will be released.

In the event of death of the option owner or before the Management member leaves, the successors may exercise them until the end of the effective period which was established by the Committee or until the end of the three (3) year period, counted from the death certificate date, whichever expires first, the vesting period of options being terminated. In addition, the unavailability of half of shares, as established in the Plan, will not be applied in relation to the shares received by such Management Member successors and the shares encumbered with unavailability will be released.

Finally, in the event the death occurs after the Management Member not reelected leaves, her/his successors may exercise the options during the remaining effective period of the beneficiary.

The Stockholder's Meeting to be held on April 26 will decide on the proposed amendment to the Plan in order to allow the Committee to in exceptional situations and observed the criteria established in the internal regulations, determine the non extinction of the bonus options in the event set forth in the first paragraph above. The Committee may only use this faculty if the beneficiaries of the options and the company reach an understanding, by agreement, regarding the conditions of the his leave with, at least, six (6) months in advance.

**13.5. **Note:**

- (1) Granting of stock options from the Unibanco Plan, which strike price is a positive covenant, according to the concept explained in subitem 13.4, "i".
- The amounts are adjusted by events occurred over the period (reverse split, bonus, conversion of Unibanco shares into Itaú Unibanco etc.).
- Granting of stock options presented above are those that gave rise to expenses recognized in the last fiscal year.
- As provided for in subitem 13.4, the members of the Board of Directors of the Issuer only became eligible to the stock option plan of the Issuer from 2009. Accordingly, the stock option grants related to the Board of Directors, presented in the above table and for prior years, are stock options of the Unibanco Plan (which already provided for this possibility) or of members of the Board of Directors who, in the past, were part of the Board of Officers.
- The number of members of each body (item "b") corresponds to the number of management members with options outstanding at the end of the last fiscal year, according to the guideline of the Circular Letter/CVM/SEP/No. 03/2010.

In relation to the stock-based compensation, see the clarification in item 13.2.

- The number of members of each body (item "b") corresponds to the number of management members with options outstanding at the end of the last fiscal year, according to the guidelines of the Circular Letter/CVM/SEP/No. 03/2010.

**13.9. Brief description of the information necessary for understanding the data disclosed in items 13.6 to 13.8, such as an explanation of the pricing model for share and option value, indicating, at least:**

**a) Pricing model**

Binomial pricing model: presupposes that there are two possible paths in the performance of asset prices – upward and downward. Then a tree with price history is designed in order to determine the share value on a future date, based on the volatility defined and time interval between the tree steps from pricing to maturity.

The pricing process of this model is carried out adopting the Backward Induction method, from the knots of the maturity to the starting point.

**b) Data and assumptions used in the pricing model, including the weighed average price of shares, exercise price, volatility expected, term of the option, dividends expected and risk-free interest rate**

- Price of the underlying asset: The share price of Itaú Unibanco Holding (ITUB4) used for calculation is the closing price at BOVESPA on the calculation base date;
- Exercise price: as exercise price of the option, the exercise price previously agreed-upon at the option issue is adopted, adjusted by the IGP-M variation;
- Expected volatility: calculated based on the standard deviation from the history of the last 84 monthly returns of closing prices of the ITUB4 share, released by Bovespa, adjusted by the IGP-M variation;
- Dividend rate: is the average annual return rate in the last three years of Paid Dividends, plus Interest on Capital of the ITUB4 share;

Itaú Unibanco Holding S.A.

A Publicly Held Company

- Risk-Free Interest Rate: the applied risk-free rate is the IGP-M coupon at the expiration date of the option plan;
- Option term: the term of the option is set at the time of the granting; and
- Option vesting period: the vesting period of the option is set at the time of the granting.

*c) Method used and assumptions made to absorb the expected early exercise effects*

The stock option plan of the Issuer provides for a vesting period for each granted series, from the time the option is granted to the end of the vesting period, which is a period when the exercise of options is not allowed. The vesting period is set at the time when the series of options is granted. From the end of the vesting period, the option can be exercised at any time until the end of the agreement. The option pricing using the binomial tree took into consideration the vesting period for the exercise of options.

*d) Method to determine expected volatility*

Expected volatility: calculated based on the standard deviation from the history of the last 84 monthly returns of closing prices of the ITUB4 share, adjusted by the IGP-M variation.

*e) If any other characteristic of the options was included in its fair value measurement*

The historical series is adjusted by splits, stock dividends and reverse splits.

**13.10 With respect to the pension plans in effect granted to the members of the board of directors and board of statutory officers, please supply the following information in a table format:**

a	body	Board of Directors			Board of Statutory Officers		
		2			17

Itaú Unibanco Holding S.A.

A Publicly Held Company

**13.16. Supply other information that the issuer may deem relevant.**

The Issuer holds significant interest in other publicly-held companies. Information on possible share-based payment established by such companies can be found in their respective reference forms.

**7. Extraordinary Stockholders' Meeting to be held at 3:40 p.m. – matters to be resolved**

- a. Amend the Bylaws in order to improve its wording.

The proposed amendments to the Bylaws aims at broadening its scope and clarity. The copy of the Bylaws containing the proposed amendments highlighted is in Attachment IV. According to the provisions of Article 11 of CVM Instruction No. 481/09, the report containing the details on origin and justification of each of the proposed amendments, as well as their legal and economic effects is presented below.

1. Amendment to the wording of item 7.1., excluding the provision requiring that all members of the Audit Committee shall be necessarily members of the Board of Directors or experts in accounting and audit.

**Origin and justification of proposed amendments:** the Company has an Audit Committee, governed by the rules issued by the National Monetary Council (CMN Resolution No. 3,198/04 and further amendments - "CMN Resolution 3,198/04"). Such rules set out that at least one member of the audit committee shall be considered a financial expert. Our current Bylaws establish that all members of the Audit Committee shall be necessarily members of the Board of Directors or experts in accounting and audit. By making the rule set out in the Bylaws more flexible, making it similar to the requirement of the National Monetary Council, the Company allows the participation in the Audit Committee of professionals of different expertises, who can contribute with such knowledge to the continuous improvement of the body operations.

**Legal and economic effects of proposed amendments:** The legal effect of the proposed amendment shall be the possibility of having people with other knowledge other than accounting and audit, taking part of the Audit Committee. There are no quantifiable economic effects of this proposal.

2. Inclusion in item 7.3.1. of the possibility set out in Article 13, paragraph 2, of CMN Resolution No. 3,198/04 of members of the audit committee who are also members of the Board of Directors to opt for receiving their compensation related to the membership of the Board of Directors.

**Origin and justification of proposed amendments:** Amendment to include in the wording of the Bylaws the possibility introduced by Article 13, paragraph 2, of CMN Resolution No. 3,198/04, according to which *"in case the member of the audit committee of the institution is also a member of the board of directors of the institution or its related companies, in case the institutions mentioned in item I of heading, or its board of officers, in case the institution mentioned in item II of heading, the option for the compensation related to one of the positions is given"*.

**Legal and economic effects of proposed amendments:** The legal effect of the proposed inclusion is to include the possibility already provided in CMN Resolution 3,198/04. There is no economic effect of this proposal.

3. Amendment of item 7.2. and Article 12 in order to standardize the term "financial statements".

**Origin and justification of proposed amendments:** The amendments have the purpose of standardizing the reference to the expression "financial statements" adopted in the Bylaws.

Itaú Unibanco Holding S.A.

A Publicly Held Company

**Legal and economic effects of proposed amendments:** There is no legal or economic effects of this proposal.

4. Inclusion of item 9.2. in order to clarify the Bylaws the possibility that the Company is represented by two attorneys-in-fact.

**Origin and justification of proposed amendments:** the inclusion of provision to make clear about the possibility of the Company to be represented by two attorneys-in-fact aims at eliminating any doubt about this possibility.

**Legal and economic effects of proposed amendments:** The confer of proxies has always been performed under the management acts heading. Such inclusion has the only purpose of clarifying a possibility that the Company already had. Therefore, there is no legal or economic effects of this proposal.

In case the matters presented in this document are approved, it shall be necessary to renumber the affected provisions of the Bylaws and amendment of possible cross-references, as the case may be, taking into consideration the above proposals.

## Attachement II

## PROPOSAL FOR AMENDMENT OF THE STOCK OPTION PLAN

Actual	Proposal
<b>1. PLAN'S OBJECTIVE AND GUIDELINES</b> <b>Itaú Unibanco Banco Múltiplo S.A.</b> ("ITAÚ UNIBANCO") institutes a Stock Option Plan (PLAN) for the purpose of integrating officers and members of the Board of Directors ("MEMBERS OF MANAGEMENT" or "MEMBER OF MANAGEMENT", as the case may be); into ITAÚ UNIBANCO's medium and long-term development, offering them the opportunity to take part in the appreciation that their work and dedication bring to the shares comprising the capital of the Company.	<b>1. PLAN'S OBJECTIVE AND GUIDELINES</b> <b>Itaú Unibanco Holding S.A.</b> ("ITAÚ UNIBANCO") institutes a Stock Option Plan (PLAN) for the purpose of integrating officers and members of the Board of Directors of ITAÚ UNIBANCO and its controlled companies ("MEMBERS OF MANAGEMENT" or "MEMBER OF MANAGEMENT", as the case may be); and highly qualified employees or with high potential or ability to perform ("EMPLOYEES" or "EMPLOYEE", as the case may be) into ITAÚ UNIBANCO's medium and long-term development, offering them the opportunity to take part in the appreciation that their work and dedication bring to the shares comprising the capital of the Company.
1.1. The stock options will provide their respective holders with the right to subscribe preferred shares of ITAÚ UNIBANCO's authorized capital stock in accordance with the PLAN's conditions.	<b>Unchanged.</b>
1.2. At ITAÚ UNIBANCO's discretion, the exercising of the options may correspond to a sale of treasury stock for resale to the market, pursuant to the terms and conditions of the PLAN.	<b>Unchanged.</b>
1.3. Each stock option shall give the right to subscribe one share.	<b>Unchanged.</b>
1.4. The rules and operating procedures with respect to the PLAN shall be governed by a committee to be appointed by the Board of Directors of ITAÚ UNIBANCO for the purposes of this PLAN ("COMMITTEE").	<b>Unchanged.</b>
<b>2. BENEFICIARIES OF STOCK OPTIONS</b> It shall be incumbent on the COMMITTEE to periodically designate the MEMBERS OF MANAGEMENT of ITAÚ UNIBANCO to whom stock options shall be granted in the quantities specified.	<b>2. BENEFICIARIES OF STOCK OPTIONS</b> It shall be incumbent on the COMMITTEE to periodically designate the MEMBERS OF MANAGEMENT and/or EMPLOYEES of ITAÚ UNIBANCO to whom stock options shall be granted in the quantities specified.
2.1. In exceptional circumstances, stock options may be granted to the MEMBERS OF MANAGEMENT of controlled companies or to senior employees of ITAÚ UNIBANCO or the aforesaid companies.	<b>Excluded.</b>

Itaú Unibanco Holding S.A.

A Publicly Held Company

2.1.1. Stock options may also be granted to highly qualified individuals on being hired by ITAÚ UNIBANCO or its controlled companies.	<b>Renumbered to 2.1.</b>
2.2. The stock options shall be personal, and not transferable, except by succession <i>causa mortis</i> .	2.2. The stock options shall be personal, inalienable and not transferable, except by succession <i>causa mortis</i> .
2.3. It shall be incumbent on the COMMITTEE's president to apprise the Board of Directors of the decision to grant stock options. The Board of Directors may modify such decision at the first subsequent meeting of this body. This not being the case, the options granted by the COMMITTEE can be deemed to have been confirmed.	<b>Unchanged.</b>
<b>3. CONDITIONS AND ANNUAL LIMIT FOR THE GRANTING OF STOCK OPTIONS</b> 3.1. Stock options shall only be granted relative to the fiscal years in which sufficient profit has been recorded to permit the distribution of the mandatory dividend to the stockholders.	<b>Unchanged.</b>
3.2. The total number of options to be granted in each fiscal year shall not exceed the limit of 0.5% (one half per cent) of the total shares of ITAÚ UNIBANCO that the majority and minority stockholders hold on the base date of the respective year-end.	<b>Unchanged.</b>
3.2.1. In case of in a certain year the number of stock options granted be inferior to the limit of 0.5% of the total shares, the difference may be added to the stock options in any of the 7 (seven) subsequent fiscal years.	<b>Unchanged.</b>
3.2.2. Pursuant to item 2.1.1, the stock options not granted for a determined fiscal year may be issued under the conditions of any series of stock options not granted for the same fiscal year or for any subsequent fiscal year in accordance with the terms of 3.2.1.	3.2.2. Pursuant to item 2.1, the stock options not granted for a determined fiscal year may be issued under the conditions of any series of stock options not granted for the same fiscal year or for any subsequent fiscal year in accordance with the terms of 3.2.1.
<b>4. QUANTIFICATION AND CHARACTERISTICS OF THE STOCK OPTIONS</b> 4.1. The COMMITTEE shall decide the total number of options to be granted in relation to each fiscal year, at its discretion, segmenting the total lot of stock options to be granted in series, establishing the characteristics of each series, particularly the strike price (item 6), the expiry date (item 7) and the vesting period (item 8).	<b>Unchanged.</b>

Itaú Unibanco Holding S.A.

A Publicly Held Company

	4.2. The COMMITTEE, at its discretion, may establish complementary rules to the rules of the PLAN.
<b>5. PRO-RATA DISTRIBUTION AMONG THE BENEFICIARIES</b> 5.1. The COMMITTEE shall select the BENEFICIARIES to whom the stock options shall be granted and establish the number of stock options of each series to be received by each of them, taking into account, at its exclusive criteria, their performance for the corresponding fiscal year, the compensation already received for the same fiscal year and other parameters considered appropriate.	<b>5. PRO-RATA DISTRIBUTION AMONG THE BENEFICIARIES</b> 5.1. The COMMITTEE shall select the MEMBERS OF MANAGEMENT AND EMPLOYEES to whom the stock options shall be granted and establish the number of stock options of each series to be received by each of them, taking into account, at its exclusive criteria, their performance for the corresponding fiscal year, the compensation already received for the same fiscal year and other parameters considered appropriate.
<b>6. STRIKE PRICE</b> 6.1. The strike price, to be paid to ITAÚ UNIBANCO, shall be established by the COMMITTEE simultaneously with the granting of the stock option and may be determined on the basis of one of the following parameters:	Unchanged.
(a) to establish the strike price of the options in general, the COMMITTEE shall consider the average prices for ITAÚ UNIBANCO's preferred shares on the days the BM&FBOVESPA S.A. Securities, Commodities and Futures Exchange is open for business, for the period of at least one and, at the most, three months prior to the issue of the stock options at the COMMITTEE's discretion. An adjustment of up to 20% above or below the average price is permitted. Prices established in this way shall be restated up to the month prior to the exercising of the option at the IGP-M inflation index, or in the absence of this, by the index which COMMITTEE shall so designate, being paid within a term equal to that for the settlement of operations on the BM&FBOVESPA S.A. Securities, Commodities and Futures Exchange.	(a) Simple Options: to establish the strike price of the options in general, the COMMITTEE shall consider the average prices for ITAÚ UNIBANCO's preferred shares on the days the BM&FBOVESPA S.A. Securities, Commodities and Futures Exchange is open for business, for the period of at least one and, at the most, three months prior to the issue of the stock options at the COMMITTEE's discretion. An adjustment of up to 20% more or less than the average price is permitted. Prices established in this way shall be restated up to the last business day of the month prior to the exercising of the option at the IGP-M inflation index, or in the absence of this, by the index which COMMITTEE shall so designate, being paid within a term equal to that for the settlement of operations on the BM&FBOVESPA S.A. Securities, Commodities and Futures Exchange.
(b) for those officers that have, at the COMMITTEE's discretion and through the use of performance and leadership evaluation tools, outstanding ability to perform and potential, the COMMITTEE may grant options whose strike price is paid through the confirmation of the performance of positive covenants, conditional on the obligation of the beneficiary investing 20% of his/her bonus in shares of ITAÚ UNIBANCO which his/her has received with respect to the preceding year, maintaining title to these shares unaltered and without any type of encumbrance from the date of the stock option grant until its exercising. For each share thus acquired by the officer, one stock option of ITAÚ UNIBANCO shall be granted.	(b) Bonus options: the strike price of these options shall be the confirmation of the performance of positive covenants, conditional on the obligation of the MEMBER OF MANAGEMENT or the EMPLOYEE investing a portion or the total net amount of his/her bonus in shares of ITAÚ UNIBANCO or an instrument linked to these shares, which his/her has received with respect to the preceding year, maintaining title to these shares unaltered and without any type of encumbrance from the date of the stock option grant until its exercising. The COMMITTEE may determine additional requirements in order to establish the strike price of the bonus options.

Itaú Unibanco Holding S.A.

A Publicly Held Company

6.2 The acquired shares shall be entitled to dividends and other income as if they had been purchased on the same date through the BM&FBOVESPA S.A. Securities, Commodities and Futures Exchange.	Unchanged.
<b>7. STOCK OPTIONS EXPIRY DATE</b> The COMMITTEE shall set an expiry date for the stock option granted, these being automatically extinguished at the end of the period.	Unchanged.
7.1. The term of each stock option series shall begin on the date that this series has been issued and the respective expiry date shall fall at the end of the period which may vary between the minimum of YI+5 years and the maximum of YI+10 years, YI (Year of Issue) being understood as the calendar year during which the issue occurs. The term of the stock option shall therefore always expire on the last business day of the last calendar year of this term.	7.1. The term of each stock option series shall begin on the date that this series has been issued and the respective expiry date shall fall at the end of the period which may vary between the minimum of 5 years and the maximum of 10 years, as from the date of the grant of the issue.
7.2. The term of the stock options shall be extinguished <i>ipso jure</i> if the respective holder resign or is dismissed from ITAÚ UNIBANCO and/or its controlled companies and no longer have executive functions in any corporation. The MEMBERS OF MANAGEMENT' stock options shall be extinguished on the date on which they cease to exercise their functions whether due to resignation or at the initiative of the body which elected them. In the case of an employee, the stock options term shall be extinguished on the date that the relative labor contract is rescinded.	7.2. The term of the stock options shall be extinguished <i>ipso jure</i> if the respective holder resign or is dismissed from ITAÚ UNIBANCO and/or its controlled companies and no longer have executive functions in any corporation. The MEMBERS OF MANAGEMENT' stock options shall be extinguished on the date on which they cease to exercise their functions whether due to resignation or at the initiative of the body which elected them. In the case of an employee, the stock options term shall be extinguished on the date that the relative labor contract is rescinded. The COMMITTEE may, at its exclusive discretion, establish other circumstances under which options may be extinguished, including events with respect to future performance of the MEMBER OF MANAGEMENT and/or EMPLOYEE.
7.3. The provision for extinguishment pursuant to 7.2 shall not occur if the MEMBER OF MANAGEMENT is not re-elected or, in the case of an employee, if he is over 55 years old. In this case, the options held by the beneficiary may be exercised up to the final expiry date (item 7.1), or within 3 (three) years as from the date of leaving, which ever expires first.	7.3. The provision for extinguishment pursuant to 7.2 shall not occur if the MEMBER OF MANAGEMENT is not re-elected or, in the case of an employee, if he is over 55 years old. In this case, if the vesting period is extinguished (item 8.3), the options held by the beneficiary may be exercised up to the final expiry date (item 7.1), or within 3 (three) years as from the date of leaving, which ever expires first. If the vesting period is not extinguished (item 8.3), the expiry date will remain unchanged.

Itaú Unibanco Holding S.A.

A Publicly Held Company

7.3.1. The MEMBER OF MANAGEMENT not re-elected to the board of officer, but elected or reelected to the Board of Directors of ITAÚ UNIBANCO and/or controlled companies, shall be subject to the following provisions: (i) for stock options already granted and still not exercised, the rules under item 7.3 shall apply; (ii) for new options which may be granted while a director, all the provisions of this PLAN shall apply, in particular the rules of extinguishment (items 7.2 and 7.3).	
	7.4. In case of the bonus options, the Committee may, in exceptional situations and observed the criteria established in the internal regulations, determine the non extinction of the bonus options in the event set forth in item 7.2. The COMMITTEE may only use this faculty if the beneficiaries of the options and the company reach an understanding, by agreement, regarding the conditions of the his leave with, at least, six (6) months in advance.
7.4. Should the holder of the stock options die before leaving the organization, the respective successors may exercise them up to the final expiry date (item 7.1), or within a period of up to 3 (three) years as from the date of decease, whichever event occurs first.	<b>Renumbered to 7.5.</b>
7.4.1. Should the beneficiary's decease occur after leaving, pursuant to item 7.3, his/her successors may exercise the options during the term that remained to the holder, as described in the same item.	<b>Renumbered to 7.5.1.</b>
<b>8. EXERCISING OF THE STOCK OPTIONS</b> 8.1. Without limitations to the expiry period (item 7), the options may only be exercised once the vesting period has terminated and outside the blackout periods stipulated by the COMMITTEE.	<b>Unchanged.</b>
8.2. The COMMITTEE shall establish the vesting period for each stock options series on the date of issue, provided that such period may vary from Y1+1 and Y1+5 years, Y1 being the calendar year in which the issue has occurred. The vesting period shall, therefore, always expire on the last day of the last calendar year of this period.	8.2. The COMMITTEE shall establish the vesting period for each stock options series on the date of issue, provided that such period may vary from 1 and 7 years, as from the date of issue.

Itaú Unibanco Holding S.A.

A Publicly Held Company

8.3. The vesting period shall be extinguished upon the termination of the relationship between the stock option holder and the Company, pursuant to the conditions in item 7.3, or due to his/her decease.	8.3. Unless otherwise determined by the COMMITTEE, the vesting period shall be extinguished upon the termination of the relationship between the stock option holder and the Company, pursuant to the conditions in item 7.3.
	8.4. The vesting period will also be extinguished upon the death of stock option holder.
8.4. The blackout periods will be determined, when necessary, in order to organize subscription work.	8.5. The COMMITTEE may determine the blackout period in justifiable circumstances such as major market instability or legal and regulatory restrictions.
8.5. The holder of the stock options shall advise the area responsible for the management of the PLAN of Banco Itaú S.A. at least 48 hours prior to the date on which he/she intends to exercise the stock options.	<b>Excluded.</b>
8.6. The holder of more than one series of stock options may exercise all or portion of it, in their entirety or partially.	<b>Unchanged.</b>
<b>9. QUANTITATIVE RESTATEMENT OF THE STOCK OPTIONS</b> In order to preserve the purpose of the PLAN (item 1), the quantities of stock options granted and still not exercised, or their strike price, may be restated upwards or downwards when the level of ITAÚ UNIBANCO's share price on the Stock Exchanges changes significantly due to decision taken by ITAÚ UNIBANCO's Board of Directors or General Stockholders' Meeting with respect to (a) a stock split or reverse stock split or stock dividends; (b) the issue of a large quantity of shares for increasing the capital stock; (c) distribution of dividends, interest on capital and/or cash bonuses, on exceptionally large amounts; (d) mergers, incorporation, spin-off or acquisition of the control of large companies; (e) other actions of a similar nature and relevance.	<b>Unchanged.</b>
9.1. The COMMITTEE shall deliberate on the restatements and shall implement them once ratified by the Board of Directors.	<b>Unchanged.</b>
<b>10. AVAILABILITY OF SHARES</b> 10.1. The holder may freely negotiate one half of the shares which he has subscribed through the exercising of the option.	<b>10. AVAILABILITY OF SHARES</b> 10.1. The availability of the shares which the MEMBER OF MANAGEMENT or EMPLOYEE shall subscribe through the exercising of the option may be subject to additional restrictions in accordance with resolutions adopted by the COMMITTEE.

Itaú Unibanco Holding S.A.

A Publicly Held Company

10.2. The other half shall remain non-negotiable for a term of 2 (two) years as from the exercise date, this process being registered pursuant- Article 40 of Law 6,404 of December 15 1976.	10.2. The restriction in relation to the availability of the shares obtained through the exercising of the option shall be recorded in the form and for the purposes pursuant to Article 40 of Law 6,404 of December 15 1976.
10.3. The blocking of shares pursuant to item 10.2 shall not apply to share subscriptions through the exercising of stock options in the last six months before final expiry date (item 7).	<b>Excluded.</b>
10.4. At the outset of the final semester prior to stock option expiry, all those shares which have been blocked up to that time shall become available for negotiation.	<b>Excluded.</b>
10.5. The non-negotiability of the shares pursuant to item 10.2 shall also not be applicable in relation to subscribed shares arising from the exercising of the share option, at any time, by a stock option holder who has left the organization under the conditions pursuant to item 7.3 or by the successors of a deceased holder (item 7.4).	10.3. The non-negotiability of the shares pursuant to item 10.2 shall also not be applicable in relation to subscribed shares arising from the exercising of the share option, at any time, by a stock option holder who has left the organization under the conditions pursuant to item 7.3 or by the successors of a deceased holder (item 7.5).
10.6. The shares registered as non-negotiable pursuant to item 10.2 shall be free for negotiation if and when the respective holder leaves the organization under the conditions pursuant to item 7.3 occurs or due to his/her decease.	<b>Renumbered to 10.4.</b>
<b>11. OMISSIONS</b> It shall be incumbent on the COMMITTEE to decide cases not covered by PLAN, <i>ad referendum</i> of the Board of Directors.	<b>Unchanged.</b>

## Attachement IV

## PROPOSAL FOR AMENDMENTS TO THE BYLAWS

Actual	Proposal
<b>Article 1 - DENOMINATION, TERM AND HEAD-OFFICE</b> - The publicly listed joint stock company governed by these bylaws and denominated <b>ITAÚ UNIBANCO HOLDING S.A.</b> , incorporated for an indeterminate period and with head office and address for legal purposes in the city of São Paulo and state of São Paulo.	Unchanged
<b>Article 2 - OBJECTIVE</b> - The company has as its purpose banking activity in all its authorized forms including foreign exchange transactions.	Unchanged
<b>Article 3 - CAPITAL AND SHARES</b> – The subscribed and paid-in capital stock is R\$ 45,000,000,000.00 (forty-five billion reais), represented by 4,570,936,219 (four billion, five hundred and seventy million, nine hundred and thirty-six thousand, two hundred and nineteen) book entry shares, with no par value, being 2,289,286,475 (two billion, two hundred and eighty-nine million, two hundred and eighty-six thousand, four hundred and seventy-five) common and 2,281,649,744 (two billion, two hundred and eighty-one million, six hundred and forty-nine thousand, seven hundred and forty-four) preferred shares, the latter having no voting rights but with the following advantages: I – priority in receiving the minimum non-cumulative annual dividend of R\$ 0.022 per share, which shall be adjusted in the event of a stock split or reverse stock split; II – in the event of a sale of the company's controlling stake, the right to be included in the public offering of shares, thus assuring such shares the right to a price equal to 80% (eighty percent) of the value paid per voting share to the controlling stockholders and guaranteeing a dividend at least equal to that of the common shares.	Unchanged
3.1. <b>Authorized Capital</b> – The company is authorized to increase the capital stock by decision of the Board of Directors, independently of any change in the bylaws, up to a limit of 6,000,000,000 (six billion) shares, being 3,000,000,000 (three billion) common and 3,000,000,000 (three billion) preferred shares. Share issues through the Stock Exchanges, public subscription and exchange of shares via a public offering for acquisition of control may be performed irrespective of the preemptive rights of the preexisting stockholders (Article 172 of Law 6,404/76).	Unchanged

Itaú Unibanco Holding S.A.

A Publicly Held Company

3.2. <u>Purchase of Share Options</u> - Within the limits of the Authorized Capital and in accordance with the plan approved by the General Meeting, the purchase of share options may be granted to management and employees of the company itself as well as controlled companies.	Unchanged
3.3. <u>Book Entry Shares</u> – Without any changes in the rights and restrictions which are inherent to them, under the provisions of this article, all of the company's shares shall be in book entry form, being registered in deposit accounts at Itaú Corretora de Valores S.A., in the name of their holders, without the issue of share certificates, pursuant to Articles 34 and 35 of Law 6,404/76, the remuneration cited in Paragraph 3 of Article 35 of the said law being payable by stockholders.	Unchanged
3.4. <u>Share Buybacks</u> - the company can acquire its own shares on the authorization of the Board of Directors, for the purposes of cancellation, holding as treasury stock for subsequent sale or for use under the stock option plan for the purchase of shares according to item 3.2 of these Bylaws.	Unchanged
3.5. <u>Acquisition of Voting Rights by the Preferred Shares</u> – the preferred shares will acquire voting rights pursuant to the provisions of Article 111, Paragraph 1 of Law 6,404/76, should the company fail to pay the priority dividend for three consecutive fiscal years.	Unchanged
<b>Article 4 – GENERAL MEETING</b> – The General Meeting shall meet annually within the 4 (four) months following the end of the fiscal year, pursuant to legal requirements, and extraordinarily whenever corporate interests so demand.	Unchanged
4.1. The work of any General Meeting shall be chaired by the Chief Executive Officer with a stockholder appointed by him as secretary.	Unchanged
4.2. Each common share is entitled to one vote in the resolutions of the General Meetings.	Unchanged

Itaú Unibanco Holding S.A.

A Publicly Held Company

<p>4.3. The following is the exclusive prerogative of the General Meeting:</p> <ul style="list-style-type: none"> <li>a) decisions with respect to the financial statements and the distribution and allocation of profits;</li> <li>b) decisions with respect to the management report and the Board of Officers' accounts;</li> <li>c) establishment of the aggregate and annual compensation of the members of the Board of Directors and the Board of Officers, specifying the amount applicable to each one of these bodies;</li> <li>d) appoint, elect and remove members of the Board of Directors;</li> <li>e) approve alterations of the capital stock, with the proviso of the powers attributed to the Board of Directors by item 3.1 above, of mergers, amalgamations, spin-offs or any other forms of corporate reorganization involving the company;</li> <li>f) decide on retained profits or the constitution of reserves; and</li> <li>g) decide on plans for stock option grants of shares issued by the company or by its controlled companies.</li> </ul>	<b>Unchanged</b>
<p><b>Article 5 - MANAGEMENT</b> - The company will be managed by a Board of Directors and by a Board of Officers. Pursuant to the law and these Bylaws, the Board of Directors will act in guidance, elective and supervisory roles and excluding operating and executive functions, which shall be the within the powers of the Board of Officers.</p>	<b>Unchanged</b>
<p>5.1. <u>Investiture</u> - The Directors and Officers will be invested in their positions against a signature to their terms of office in the minute book of the Board of Directors or the Board of Officers, as the case may be.</p>	<b>Unchanged</b>
<p>5.2. <u>Management Compensation</u> - The Management shall receive both remuneration and a participation in the net income pursuant to the statutory limits. Payment of remuneration shall be established annually by the General Stockholders Meeting in the form of a global and annual amount, which may or may not be indexed, the amounts destined for remunerating the Board of Directors and Board of Officers being duly specified. It is incumbent on the Board of Directors to regulate the use of the amount set aside for remuneration and the apportionment of the participation in the net income to the members of this Board of Directors and the Board of Officers.</p>	<b>Unchanged</b>

Itaú Unibanco Holding S.A.

A Publicly Held Company

<b>Article 6 - BOARD OF DIRECTORS</b> - The Board of Directors will comprise stockholders, elected by the General Meeting, and will have 1 (one) Chairman and 1 (one) to 3 (three) Vice-Chairmen chosen by the Directors from among their peers.	<b>Unchanged</b>
6.1. The Board of Directors shall have at least 10 (ten) and at the most 14 (fourteen) members. Within these limitations, it is the responsibility of the General Meeting that elects the Board of Directors to initially establish the number of Directors who will comprise this body for each term of office.	<b>Unchanged</b>
6.2. In the case of the position of Chairman becoming vacant or the Chairman being otherwise absent or incapacitated, the Chairman will be substituted by one of the Vice-Chairmen, designated by the Board of Directors.	<b>Unchanged</b>
6.3. The term of office of a member of the Board of Directors is for one year as from the date he or she is elected by the General Meeting, extendable until the date of the investiture of the existing members' successors.	<b>Unchanged</b>
6.4. No individual may be elected to the position of Director who is 70 (seventy) years of age on the date of his/her election.	<b>Unchanged</b>
6.5. The Board of Directors, which is convened by the Chairman, will meet ordinarily, 8 (eight) times annually and, extraordinarily, whenever corporate interests so demand its decisions only being valid in the presence of at least an absolute majority of its appointed members.	<b>Unchanged</b>
6.6. It is incumbent on the Board of Directors: <ul style="list-style-type: none"> <li>I to establish the general guidelines of the company;</li> <li>II. to elect and remove from office the company's Officers and establish their functions;</li> <li>III. to appoint officers to comprise the Boards of Officers of the controlled companies as specified;</li> </ul>	<b>Unchanged</b>

Itaú Unibanco Holding S.A.

A Publicly Held Company
